About IIM NAGPUR

The Indian Institute of Management Nagpur (IIMN) was established in the year 2015 by the Ministry of HRD, Government of India, with an aim to facilitate a multi-faceted management knowledge generation and dissemination through ethical and value-based learning while catering to the needs of the emerging Indian economy. The institute started its operations under the mentorship & guidance of one of the most renowned management institutes in India, IIM Ahmedabad.

IIM Nagpur offers an exemplary on-campus learning opportunity that facilitates intensive participation and extensive teamwork through critical thinking and decision-making. Presently located in VNIT campus, the institute inaugurated its upcoming world class campus in the heart of Nagpur's MIHAN SEZ in the presence of its Hon'ble Chief Minister, Mr. Devendra Fadnavis. As a rapidly growing new generation IIM, IIM Nagpur is well poised for capacity and capability building among the students while also striving to meet global academic standards and nurture young leadership with its extensive use of case study methodology, industry visits, guest sessions, Field Immersion Module and classroom lessons.

The institute believes in sustaining a positive bias towards excellence in thought and action. It promotes lifelong learning through practices such as frugal innovation and entrepreneurial approach.

Director's Message

Greetings from IIM Nagpur!

As an emerging institution in the very heart of the country, the Indian Institute of Management Nagpur prides itself on its focus on constant evolution in the pursuit of excellence. The Batch of 2019-21 manifests this sentiment in its spirited and diverse nature.

The batch contains an ideal mix of recent graduates and experienced students - with over a quarter of the batch having garnered over 36 months of industry experience, and a considerable proportion of fresh graduates. These in turn are comprised of graduates from a plethora of academic backgrounds – engineering, commerce, hotel management, chemistry and allied fields. Those with experience have worked in sectors ranging from IT/ITES to consulting, aviation, power and BFSI. A young batch that averages 25 years of age, the class boasts of a cosmopolitan nature, with the students hailing from 22 states.

The students' association with IIM Nagpur ensures the highest standards of academic distinction. The demanding curriculum of the Post Graduate Programme equips the students with a comprehensive understanding of the workings of an organization. Mentored by outstanding faculty members with an excellent record of research and teaching, the students not only master the fundamentals of management in the classroom, but also develop a critical approach to apply them in actual business scenarios during their Field Immersion Module. While this module acquaints them with SMEs, government bodies and NGOs working at the grassroots, the International Immersion Module in the second year exposes them to the global business environment. Students have visited Japan, Singapore, Dubai, France and South Korea during this immersion, and imbibed valuable lessons. Their problem-solving skills are, therefore, honed on both the conceptual and practical fronts.

Excellence at IIM Nagpur is not limited to the curriculum alone. While some students have already forayed into research with publications in international journals, others have ventured beyond course offerings to obtain credentials such as CFA and Six Sigma. IIMN students have also made their presence felt in sports such as chess, archery, air pistol shooting, table tennis and cricket at the state and national levels.

Our current campus in the VNIT Nagpur premises provides a nurturing, self-sufficient ecosystem for the students to benefit from the best in management education and develop themselves as leaders capable of impacting the practice of management in any domain of their choosing. We anticipate our capabilities to grow by leaps and bounds with the completion of the construction of our 130-acre permanent campus, where we hope to move in by next year. Since our inception, four batches of IIM Nagpur have found fulfilling internship and placement opportunities from renowned companies as well as emerging startups. Our students have been placed in a range of functions, such as marketing, operations, finance, strategy and consulting. Industry interaction is not limited to placement season alone. Throughout the year, our campus welcomes industry leaders for guest sessions, conclaves and panel discussions, where they share their experiences with the students. We view this as a sign of the confidence that the industry has placed in the mettle and the promise that our students exhibit.

I welcome recruiters and representatives from the industry to visit us and interact with the dynamic Batch of 2019-21. I also wish our students a fulfilling professional journey ahead.

About PGP

The Post Graduate Program (PGP) at IIM Nagpur offers a unique learning experience to its students with its innovative pedagogy involving case studies, field immersion and interactive classroom sessions, thus, breaking the barriers of conventional teaching and ensuring seamless flow of information. The rich and integrated approach allows the Institute to source the best knowledge available across the globe, be it the elite faculty from well-known B-Schools or the Industry Experts from different sectors around the world. Each year, we are adding new perspectives to managerial skills, projecting the Institute's assurance towards developing leaders with a view attuned towards fostering excellence.

We are proud to have a very inquisitive and talented pool of students who come from diverse academic backgrounds, out of which some have graduated from premier institutes of India and some have international exposure. Having an average work experience of 29 months, most of our students are well acquainted with corporate culture and policies, hence will prove to be an asset to the organizations they will get associated with.

Our students' strong association with cultural and sports activities further fosters unity amongst the batch. Enthusiastic involvement of students and faculties alike in various academic and cultural events, be it Ganesh Chaturthi, Eid, Onam, Diwali, Dussehra or Christmas leads to a campus life buzzing with vitality and spiritedness.

Field IMMERSION

IIM Nagpur distinctly captures the identity of being the first B-School to introduce the 'Field Immersion Module'- an innovative platform for Industry-Student Interaction. For about 3 weeks, the students apply their classroom learning in real-life scenarios at MSMEs and NGOs including government, agricultural & environmental organizations. This opportunity gives the students hands on experiences of organizational challenges, strategies driving different organisations and industry specific insights.

At the same time, organisations get a chance to involve fresh minds and perspectives in their quest for achieving excellence. While imbibing the practices & culture of the organization, our students in groups perform various levels of analysis for achieving a predefined objective. They apply their managerial skills and expertise in varied projects including but not limited to identifying control deficiencies & probable risk factors, re-defining standard operating procedures, formulating divisional strategies, increasing resource utilization & conducting market research that help organizations in consequential decision making. This program thus makes Vidarbha a direct beneficiary of the students' expertise as well as a medium for students to showcase their managerial potential.

International IMMERSION

Alongside its first of a kind Field Immersion Module, IIM Nagpur has also introduced 'International Immersion Module' as an elective course in term 5 of its flagship PGP curriculum. The objective of the module is to broaden the horizon of the students from a national to a global perspective. As a part of this module, field visits are arranged for students to countries like Japan, France, Singapore, South Korea and UAE. Students visit key industrial touch points with sessions from top corporate professionals. To enhance the learning from this module, academic sessions from world renowned academia based out of these locations are also conducted wherein students are given a broad overview of the country's economy, culture and prevalent developments.

At the same time, students are given the opportunity to explore cities and communicate with the local population to understand the socio-cultural nuances of those respective countries. At the end of the module the students are required to make presentations about their learnings both from cultural & business perspectives. And also about different business practices and values that can be inherited and the business opportunities that those countries might have to offer keeping in mind the current business scenario & the needs of the respective populations.

Clubs & Committees

Committees

Alumni Committee

The Alumni Committee of IIM Nagpur is a student-driven body, established in 2018, to foster and sustain this ever-strengthening bond between our esteemed alumni and the Institute. The purpose of the committee is to provide a platform that enables students to learn from the alumni, through their experiences by giving them the stage to share.

With weekly interactive sessions under the banner "Alumnus of the Week", the Committee arranges for an alumnus to speak on the contemporary topics of the week like choosing electives, summer internship experiences and industry relevance of the pedagogy. Moreover, through the official social media platforms, the Committee keeps alumni abreast of the latest events on campus & facilitates instantaneous feedback to improve the effectiveness in communications.

Community Outreach Committee

Ummeed is an initiative by IIM Nagpur which aims at spreading awareness about various social causes, sensitizing the minds of today's youth and developing a sense of social responsibility among them. It envisions to help and to empower the underprivileged and differently-abled through its unique and compassionate approach to social issues.

To this end, the club organizes events such as Blood Donation Drive, Donation Drive for slum dwellers, Teaching differently-abled kids, Cleanliness campaign, NGO visits, Women's day celebration in the campus among others.

Committees

Infrastructure Committee

Infrastructure committee has provided continuous support to all clubs and committees in dealing with all the infrastructure related issues ranging from accommodation to transportation of students, faculty and guest speakers.

Apart from these, we are working day and night to raise and resolve issues which students face during the day to day life related to hostel etc. We aim to provide world-class facilities to students and faculties through a proper communication channel to make their stay more comfortable.

Mess Committee

Mess-committee of IIM Nagpur is established with the vision of giving its students the authority to manage food services on the campus. The committee is firmly adhered to maintain quality, hygiene and good service throughout.

The responsibilities of the committee involve liaising between the administration and Service-provider on one side and students on other to address issues that students come across and to plan necessary actions accordingly. Despite the diverse demography of the batch, the committee ensures to serve varied range of cuisine to increase level-of-satisfaction in student-community along with a number of special dinner and events on various occasions.

Clubs & Committees

Academic Clubs

Analytics Club

The Analytics club of IIM Nagpur provides a platform for students to apply the knowledge on real-world solutions to enhance their skills.

The primary purpose of the club is to provide analytics knowledge and its applications in the real world to the future managers by involving students of IIM Nagpur.

The club has conducted various college and national level events, which includes quiz competition and case study challenge to propel the competitiveness of students. Also, Club has hosted many renowned industrial experts of the analytics domain as a part of a guest session series to guide students and enhance their analytical knowledge.

Finance Club

The Finance club of IIM Nagpur provides a platform for students to explore the different areas of finance domain and be able to apply their knowledge on real-world problems to enhance their skills.

The club has conducted various in-house and national level events like creating IB Pitchbook, Financial Budget 2019 analysis and Stockmind, which provided a virtual trading platform to get the close to actual feel of trading, etc. Also, the club has hosted many renowned executives in the industry, who gave insights about the current industry trends, opportunities and challenges and hence, helped in bridging the gap between academia and industry.

Academic Clubs

HR Club

The HR SIG is the newly formed SIG at IIM Nagpur which aims to provide an in-depth understanding of Human Resource Management (HRM) through industry interaction and knowledge enhancement.

The HR SIG plans to conduct various activities and competitions which will ensure interactive learning of different aspects of HRM. The SIG will enable HR enthusiasts to learn from industry professionals through various guest sessions and workshops.

They will work in tandem with other clubs in the institute to explore the organizational aspect of different areas. The SIG also shares periodic newsletters and articles to spread awareness about the recent trends in HR.

Marketing Club

MarX, the marketing club of IIM Nagpur, through club activities aims at connecting marketing concepts to real-world applications and being a resource for students looking to pursue a career in Marketing.

To achieve this twin objective, the club has conducted national events consisting of an ad-making competition - AdWise 3.0, and two case-study event which tested formulation of marketing strategy, namely Marketing Crusader and Marketing Blitzkrieg.

The club also conducted an in-house event which compelled students to apply Guerilla marketing concepts, practically. With an aim to connect industry and academia to bridge the gap between the two, the club got a privilege to host guest sessions by various industry experts.

Clubs & Committees

Academic Clubs

Operations Club

OPEX, the operations club at IIM Nagpur strives to foster students' interest in Operations and Supply Chain Management. During the academic year 2018-19, the club organized events like Op-Tde 2.0 - Induction event. Similar events like Op-Wiz, Maze-X etc. had been organized by the club which were met with remarkable vigor and enthusiasm. Through these events, the club has tried to engage students and align their interests towards Operations Management and SCM. The club currently has members from diverse backgrounds who bring valuable industry experience. OPEX also organized various guest sessions on an interactive forum with industry stalwarts to discuss industry paradigms and relevant problems. Guest sessions also focused on sensitive topics like Green Supply Chain. The sessions intend to bridge the gap between classroom learning and practical application in the field of operations.

Strategy & Consulting Club

Eques, the Strategy & Consulting Club, being the youngest club of IIM Nagpur and with great aspirations, wishes to become the most sought-after club of the college in terms of spreading and gaining knowledge and skills.

It is the most diverse club in terms of industry experience with members. Eques enables the environment to learn from each other and to augment their knowledge in terms of strategy & consulting. Eques publishes monthly newsletters for the students covering the intricate aspects of an industry, to develop an understanding of that sector.

They conduct case competitions and guest sessions to give students a chance to develop their consulting skills and bringing industry exposure.

Non-Academic Clubs

Cultural Club

Culture is an important part of our lives. It influences our views, values, humor, hopes, loyalties, worries and fears. So when we are studying or working with people and building relationships with them, it helps to have some perspective and understanding of the varieties of cultures.

Abhyudaya, the cultural club of IIM Nagpur, since its inception has worked to enhance cultural awareness, self-awareness, and innovative thinking by conducting team building events and celebrating festivals with grandeur on the campus. The club always strives to add vibrancy to the campus life of IIM Nagpur.

E-Cell

E-Cell proactively seeks to engage with the industry to inculcate in students the entrepreneurial mindset, create networking opportunities and avenues to help fledgling entrepreneurs with their business ventures. Staying true to this spirit, E-Cell conducted the first edition of its flagship event, Entro-Mile, a startup conclave.

It successfully helped create opportunities for entrepreneurs and students who pitched their ideas to seasoned investors and industry stalwarts.

Apart from this, E-Cell conducted guest sessions graced by founders engaged in the social sector, cross-border e-commerce to online retail sector. These associations have helped students engage with multiple startups through live projects.

Clubs & Committees

Non-Academic Clubs

Media & PR Club

The Media and PR Club of IIM Nagpur is responsible for building, maintaining and enhancing 'Brand IIM Nagpur'. Some of the key activities that the Club executes across the year start with 'City Meet', an effort to connect with CAT aspirants to share the taste of IIMN culture, curriculum and life.

The club handles IIM Nagpur's presence across social media handles and maintains the relationship with all stakeholders by facilitating institute's online as well as print media presence. Merchandising, functioning as an official communication channel during PGP admissions and branding are other critical roles within the club's forte.

Movie Club

Cineastes conducted events like "Intern of the Year," where the focus was on converting the abstract concept of popularity for monetary conversion.

Another Event was "CineMaestro," an all India event where students showcased their movie making skills and made a short film on the theme "The General Election 2019". We also showcased various movies and documentaries to the students and faculty of IIM Nagpur. We conducted events like "BaatCheet", a movie discussion platform where we discussed the impact of movies like "Period.End of a Sentence".

We also conducted "Oscar Frenzy" where the participants had to bet and predict the 91st Academy Award Winners in various a categories.

Non-Academic Clubs

Toastmasters Club

Toastmasters IIM Nagpur club leveraged the well-defined base of Toastmasters International, by introducing innovative formats like sales pitch, round robins etc as part of its regular meetings to enhance the communication and leadership skills of the batch.

The 30 member Toastmasters IIM Nagpur club, conducted two club contests and the winners represented the IIM Nagpur club in area level international speech contest.

The club officers initiated the training series as part of development of public speaking, evaluation as well as group discussion skills under the guidance of industry leaders of toastmasters communit.

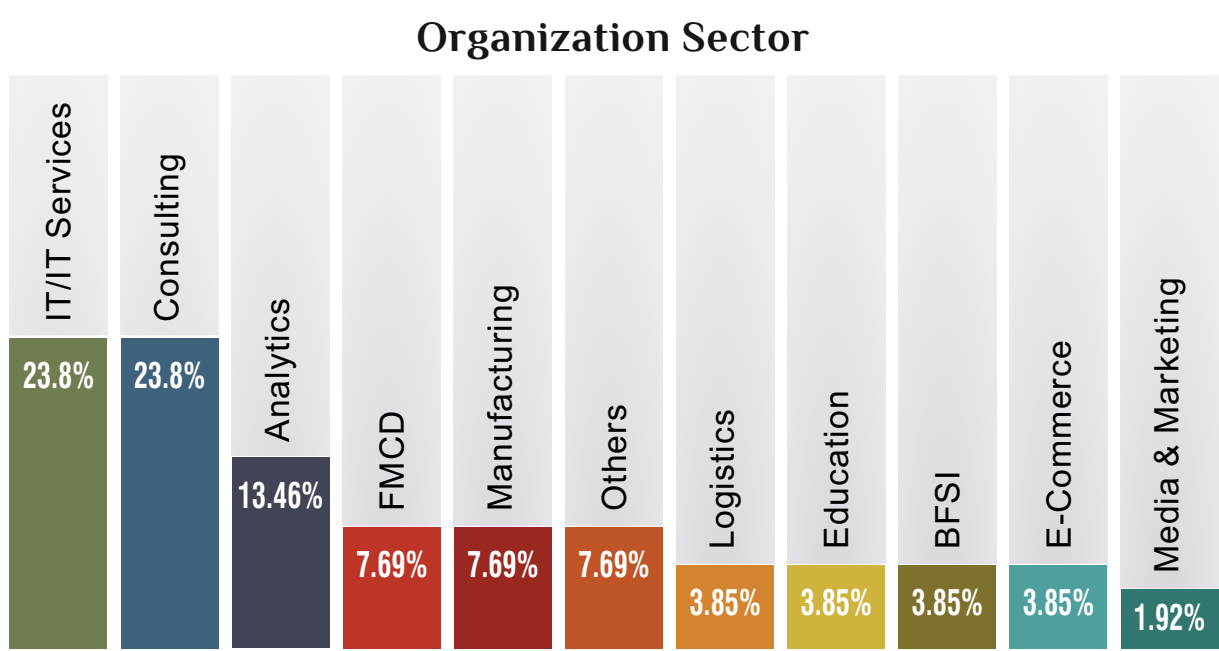

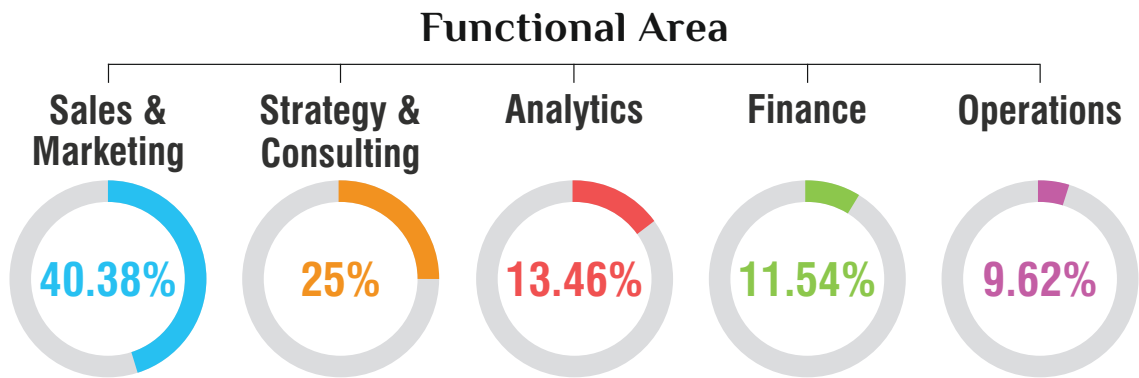

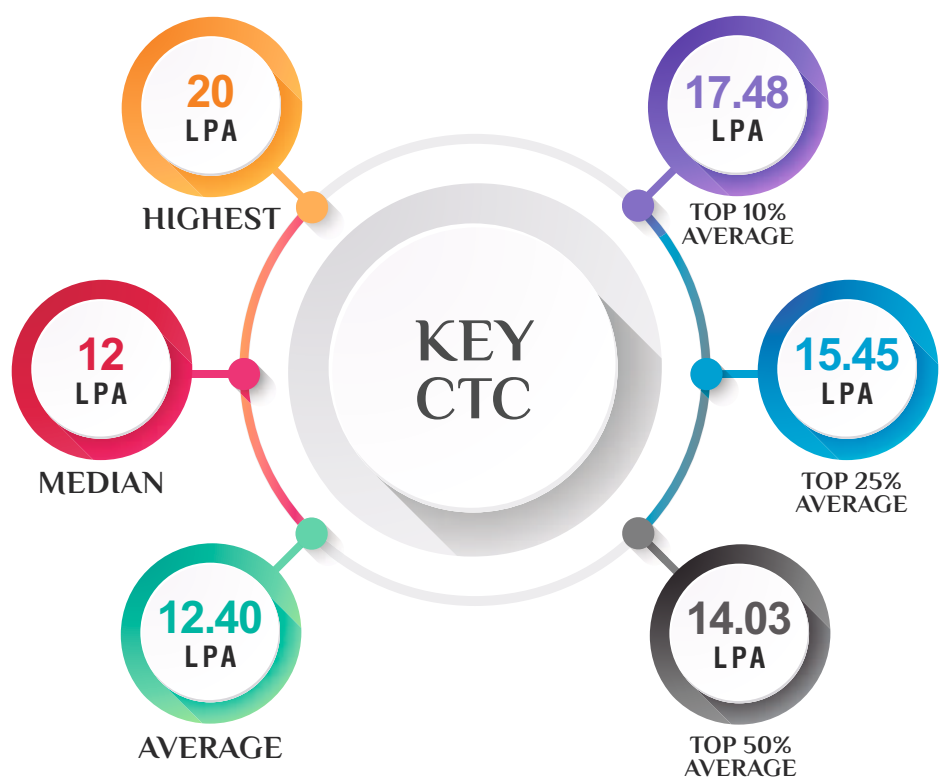

Sports Club

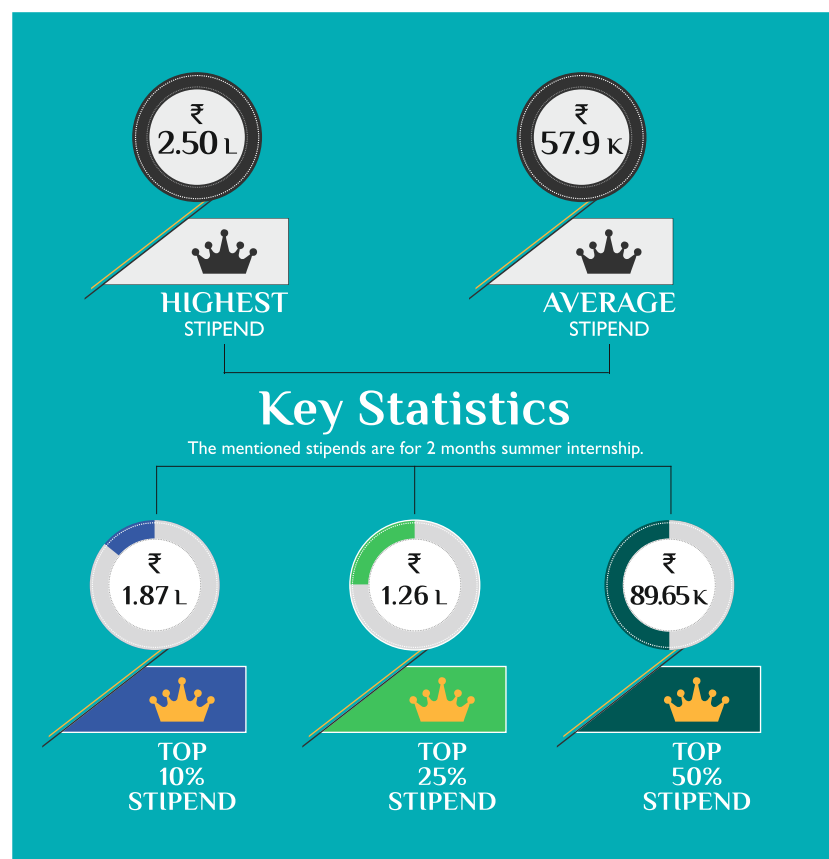

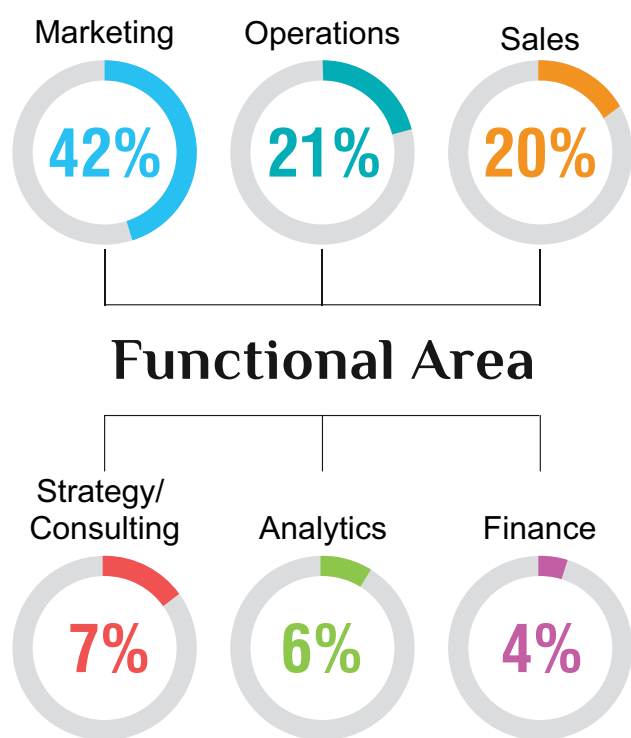

Sports Club of IIM Nagpur acts as a medium for busting the stress of the students by facilitating them with various sports equipment and organising events like Intra-College Sports Fest "Rhapsody" and "War of Sections".

It acts as a mentor which helps the participants to pour out their talents and enthusiasm on various sporting stages. Here in IIM Nagpur, one can demonstrate the fitness and zeal in sports by participating in "Nagpur Marathon", as well as, can judge their sporting skills by participating in the Inter College Tournaments of Football and Cricket.

About Nagpur

Nagpur, located at the heart of the country, has marked its presence as one of the fastest growing cities in India. Popularly known as the Orange City, Nagpur has shown tremendous growth in terms of infrastructure development attracting investments from different parts of the globe. MIHAN (Multi-modal International Airport and Hub at Nagpur) Project, said to be the largest infrastructure development in Asia, has put Nagpur on the world map. Soon-to-be the first large-scale integrated smart city of the country, Nagpur is easily accessible to all the major cities across the country. All the major highways and railways trunk routes pass through Nagpur, making it potentially the biggest logistics hub in India.

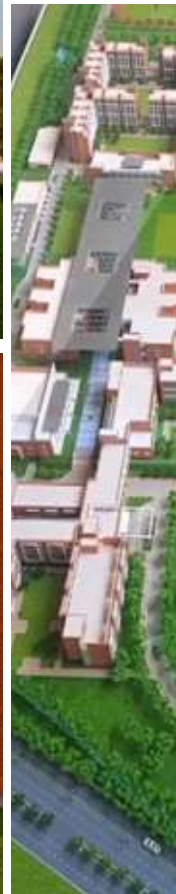

Nagpur is an educational hub in Central India which has attracted the Government's attention to setup premiere institutes in and around the city. Surrounded by five forest reserves, Nagpur attracts wildlife tourism and has been named as the 'Tiger Capital of India'. Surging industrial growth, fast-growing infrastructure, strong connectivity and best-in-class educational institutions are some of the key factors that make Nagpur one of the most sought-after cities in the country.

Indian Institute of Management Nagpur campus, located in the plush green VNIT campus, is 6 km from Dr. Babasaheb Ambedkar International Airport & 7 km from the Nagpur Railway Station.

Well connected by Air, Road & Rail to all the major cities in the country, Nagpur has efficient public transport within the city like cabs, buses & the upcoming Nagpur Rail Metro.

Pre-paid taxi & Cab aggregations are available 24*7 in Nagpur.

Upcoming Permanent Campus at **MIHAN**

The permanent campus of IIMN is being constructed at Dahegaon Mauza, MIHAN, 9 km from the Dr Babasaheb Ambedkar Nagpur International Airport.

Built to cater to 600 students, the new 132-acre-campus has been designed to minimize the environmental footprint while facilitating learning both inside and outside the classroom. The campus will be developed in three phases.

Phase 1 covers approximately 60,000 sq. m of the site, and includes the construction of a state-of-the-art academic complex, library, administrative block, student hostels, sports complex and faculty housing. The campus will also house a Management Development Centre for the institute's Executive Education Programme (EEP) and IIM Nagpur's entrepreneurship incubation centre, InFED, in addition to allied infrastructure.
