Indian Institute of Management, IIM Nagpur has recently concluded IIM Nagpur Summer Placement 2020 on February 13. More than 100 recruiters participated in the placement drive this year and the highest stipend offered to a student was Rs 2.5 lakh. The Institute registered 100 percent summer placement this year.

All the 212 students enrolled in the seventh batch of the two-year Post Graduate Programme in Management have been recruited by different companies. The average stipend this season stood at Rs 60,953 and the highest Rs 2.50 lakh which is

108 percent higher than last summer placement season.

Many recruiters across various sectors including FMCG (Fast Moving Consumer Goods), consumer durables, Edtech, E-commerce, analytics, consulting, BFSI (Banking, Financial Services, and Insurance), oil and gas, pharmaceutical, and real estate were at the summer placements. Not only this, but many first-time recruiters also participated in the placement session and offered double-digit stipends to the students. Also, several organizations have hired students for their premier internship program.

As per the Indian Express report, the current batch has an average work experience of 30 months and consists of a pool of students with educational backgrounds varying from commerce, engineering, and science.

Meanwhile, **IIM Ahmedabad has launched a multidisciplinary center for transportation and logistics research.** The Institute's Centre for Transportation and Logistics was launched to facilitate cutting-edge research in transportation, logistics, and allied areas, and thereby contribute to scholarship, practice, and policymaking in India and abroad.
