Permanent Campus at **MIHAN**

The permanent campus of IIMN is being constructed at Dahegaon Mauza, MIHAN, 9 km from the Dr. Babasaheb Ambedkar Nagpur International Airport. Built to cater to 600 students, the new 132-acre-campus has been designed to minimize the environmental footprint while facilitating learning both inside and outside the classroom. The campus will be developed in three phases. Phase 1 covers approximately 60,000 sq. m of the site, and includes the construction of a state-of-the-art academic complex, library, administrative block, student hostels, sports complex and faculty housing. The campus will also house a Management Development Centre for the institute's Executive Education Programme (EEP) and IIM Nagpur's entrepreneurship incubation centre, InFED, in addition to allied infrastructure.

About IIM Nagpur

The Indian Institute of Management Nagpur (IIMN) was established in the year 2015 by the Ministry of HRD, Government of India, to facilitate multi-faceted management knowledge generation and dissemination through ethical and value-based learning, while catering to the needs of the emerging Indian economy. The Institute started its operations under the mentorship and guidance of IIM Ahmedabad.

IIM Nagpur has completed its fifth year and is geared up to move to its world-class campus in the heart of the Multimodal International Cargo Hub and Airport at Nagpur (MIHAN), the groundbreaking ceremony for which was conducted in the presence of Union Cabinet Minister Shri. Nitin Gadkari, the then Hon'ble Chief Minister of Maharashtra, Shri. Devendra Fadnavis, and Guardian Minister for Nagpur, Shri. Chandrashekhar Bawankule.

IIM Nagpur is steadily carving its niche and outperforming other IIMs of its generation, ranking 40th in the Management Category in the National Institutional Ranking Framework (NIRF) 2020 announced by the Ministry of HRD, Govt. of India. In the five years since its inception, as a rapidly growing new generation IIM, IIM Nagpur has strived for excellence in on-campus learning opportunities that facilitate intensive participation and extensive teamwork through critical thinking and decision-making. The four batch-strong alumni network has been setting milestones in the corporate space.

IIM Nagpur has always strived for adaptability and has proven successful in staying in tune with ever-changing times, by making a move to digital platforms for online classes, online interviews, and guest sessions to serve the student fraternity during the challenges presented as a result of the pandemic this year.

The Institute is well poised for capacity- and capability-building among the students, striving to meet global academic standards and nurturing young leadership with its extensive use of case study methodology, industry visits, guest sessions, and classroom lessons. The Field Immersion Module and the International Immersion are some of the unique teaching techniques undertaken by the Institute to shape the students who are ready to face the everyday uncertainties of the business world.

The motto "Satyam cha svadhyayapravachanecha" reflects the Institute's belief in the constant striving for personal excellence as well as a collective quest and pursuit towards the continual unfolding of ever new vistas of higher/deeper realities. It promotes a positive bias towards excellence in thought and action and lifelong learning through practices such as frugal innovation and entrepreneurial approach.

Director's Message

Greetings from IIM Nagpur!

The academic year of the 2021-23 batch started with utmost enthusiasm, having the best digital measures incorporated in order to ensure perfection and zero hinderance in learning, exposure and industrial interaction. As an emerging institution in the country's very heart, the Indian Institute of Management Nagpur prides itself on its focus on constant evolution in the pursuit of excellence. The Batch of 2021-23 manifests this sentiment in its dynamic & diverse nature and has rightfully aligned itself to the online learning mode, especially during the pandemic.

The batch contains an ideal mix of recent graduates and experienced students - with an overall average of 17 months of industry experience and a considerable proportion of fresh graduates. They comprise graduates from various academic backgrounds - Engineering, Commerce, Business Management, Chemical Engineering, and allied fields. This particular batch has the highest number of non engineers. Those with experience have worked in IT/ITES to Consulting, Manufacturing Technology, FMCG, Power, and BFSI. A young batch that averages 24 years of age, the class comprises of vibrant enthusiasm and cultural mix of people coming from 21 states.

The students at IIM Nagpur are trained to meet up to the highest standards of academic distinction as well as corporate demands. The curriculum of the Post Graduate Programme is designed in a way to provide comprehensive understanding to the students and prepare them to excel in their chosen fields. Mentored by outstanding faculty members with excellent research and teaching record, the students master the classroom fundamentals. At the same time via our various Industry interactions such as Illume-Industry Academia Summit of IIM Nagpur and Utkarsh- HR Conclave, students get an understanding and exposure of the corporate environment.

Excellence at IIM Nagpur is not limited to the curriculum alone. While some students have already forayed into research with international journals, others have ventured beyond course offerings to obtain credentials such as CA and Six Sigma. Students at IIMN have actively engaged in Corporate Competition and have achieved the milestones in CFA Ethics Challenge, Flipkart Wired, ABGLP Avance. The students have also made their presence in sports such as Karate, Swimming, Basketball, Football, Table Tennis, and Cricket at the Zonal, State and National levels. Our students are soon to move to the 132-acre permanent, state of the art campus of IIM Nagpur at MIHAN. Since our inception, six batches of IIM Nagpur have found fulfilling internship and placement opportunities from renowned companies and emerging start-ups.

Our students have been placed in various functions, such as Marketing, Operations, Finance, Strategy, and Consulting. Our campus welcomes industry leaders for guest sessions, conclaves, and panel discussions throughout the year, sharing their experiences with them. We view this as a sign of the industry's confidence in the grit and the promise that our students exhibit.

I welcome recruiters and representatives from the industry to visit us and interact with the dynamic Batch of 2021-2023. I also wish our students a fulfilling professional journey ahead.

Dr. Bhimaraya Metri

Director, IIM Nagpur

Chairperson's Message

Dear Recruiters,

Warm Wishes from IIM Nagpur!

It gives me immense pleasure to welcome you to IIM Nagpur for Campus Recruitment Drive 2021-22. Invigorated by the success of the previous Placement season amidst the pandemic, we are enthused at the possibilities in store for the upcoming season. IIM Nagpur is one of the youngest, yet among the fastest growing B - Schools in India. Our vision is to be a leading management institution that shapes management systems, policy and governance through high-quality education, research and industry engagement.

The surge in demand for the two-year PGP in management is a direct implication of combined efforts executed on the parts of our incredible faculty, students and administration. We have installed advanced systems to ensure that connection between industry veterans, faculties and students is maintained without any hinderance in the learning process. The higher growth rates and increasing recognition as an emerging IIM have attracted many first-time recruiters to the institute. Our present batch is the youngest in the history of IIM Nagpur and pools a perfect blend of students from myriad of backgrounds and expertise in diverse fields. The enthusiasm of the students, striving for excellence and value addition is both phenomenal and highly contagious. Our students are nurtured with the culture of innovation to improve process efficiency and have proved to be one of the most valuable assets for their firms. Apart from extensive financial and marketing management courses, others such as decision making, strategy, ERP systems, advanced analytics, risk management and information systems management have greatly helped our students produce results worth mentioning. Our students have an extremely good sense of team spirit in which brainstorming ideas and arguments help one simplify challenging situations.

The faculties here are from the premium institutes of our country and have academic connect with international organizations such as Harvard Business School (Boston), GARP (USA), INU (South Korea), International University of Japan and Simon Fraser University (Canada). Having conducted guest lectures at various international universities, they enrich the students with their global experience which helps them understand and identify significant industry related core and elective courses better. The institute comprises a good mix of world-class academic practices and up to date career development exercises. Prominent industry veterans and key executives have actively taken part in student interactive seminars to share their insights on the latest business challenges and expectations from our budding managers.

An industry-institution interaction conclave, ILLUME, attempts to couple the rigorous academic environment with diverse organizational experience through practical knowledge of strategies professionals are adopting to address the present changes. We received immense appreciation from industry professionals on successfully conducting our first CEO's e-Round Table Conference: Prerna, wherein CEOs from various industries come together for an insightful panel discussion that would focus on spotlighting the innovative steps taken to overcome challenges, and learn about business reforms taking place during these unprecedented times.

I extend a warm welcome to the organizations for the Campus Recruitment Drive 2021-22 at IIM Nagpur and we look forward towards building a long-term relationship of trust and integrity through summer internships, campus recruitment for Final Placements, Guest Sessions and Live Projects both in person and with the use of digital tools.

About PGP

The Post Graduate Program (PGP) at IIM Nagpur offers a unique learning experience to its students with its innovative pedagogy involving case studies, field immersion and interactive classroom sessions, thus, breaking the barriers of conventional teaching and ensuring seamless flow of information. The rich and integrated approach allows the Institute to source the best knowledge available across the globe, be it the elite faculty from well-known B-Schools or the Industry Experts from different sectors around the world. Each year, we are adding new perspectives to managerial skills, projecting the Institute's assurance towards developing leaders with a view attuned towards fostering excellence.

We are proud to have a very inquisitive and talented pool of students who come from diverse academic backgrounds, out of which some have graduated from premier institutes of India and some have international exposure. Having an average work experience of 26 months, most of our students are well acquainted with corporate culture and policies, hence will prove to be an asset to the organizations they will get associated with. Our students' strong association with cultural and sports activities further fosters unity amongst the batch. Enthusiastic involvement of students and faculties alike in various academic and cultural events, be it Ganesh Chaturthi, Eid, Onam, Diwali, Dussehra or Christmas leads to a campus life buzzing with vitality & spiritedness.

INDO-JAPAN RESEARCH CENTER

The Indo-Japan Research Center (IJRC) was founded in the year 2020 with the aim of strengthening and furthering collaborative research and to further the internationalization efforts of IIM Nagpur. The IJRC at IIM Nagpur, strives to create and disseminate knowledge at the confluence of Indo-Japanese thought, philosophies, and principles. The center explores beyond the traditional bounds of the domain of management in this regard, by integrating tenets from across technological fields, and the arts and aesthetics, as relevant to management research and education.

The primary activities of the center include contextually relevant research at the Indo-Japanese cross-cultural context, development of contemporary teaching materials including cases, industry notes, and technical notes, advisory services, and training programs in helping develop good managerial and entrepreneurial talent capable of working seamlessly across (seemingly) disparate cultural contexts.

The center will also organize talks and conferences periodically, in conjunction with its Japanese partners, in an effort to bring the Indian and Japanese industries, and academia, closer. Most importantly the center will strive to form deep and lasting connections between the people of the two great countries by upholding the jointly celebrated spirits of collaboration, friendship, and universal humanism.

Field Immersion Program

IIM Nagpur distinctly captures the identity of being the first B-School to introduce the 'Field Immersion Module' - an innovative platform for Industry-Student Interaction. In 4-5 weeks, the students apply their classroom learning in real-life scenarios at MSMEs and NGOs including governmental, agricultural, environmental organizations. This opportunity equips the students with the understanding of how the organizational challenges are captured and how different strategies are put into effect, to confront those. Through this program, our students also become an important contributor in refining different processes involved in the organization. While imbibing the practices & culture of the organization, our students in groups perform various levels of analysis to streamline the organization's processes. They apply their managerial skills and academic expertise in identifying control deficiencies & probable risk factors, structuring standard operating procedures, formulating divisional strategies, increasing resource utilization and conducting market research that help organizations in further strategic decision making. This program thus aims to give back to the small business communities at various parts of Maharashtra.

International Immersion Program

IIM Nagpur offers an intensive 'International Immersion Module' as an elective in term 5 of the curriculum. The objective of the module is to broaden the horizon of the students from a national to a more global focus. As a part of this module field visits have been arranged for students in countries like Japan, France, Singapore, South Korea and UAE. Students will be visiting key industrial touch points with sessions from top corporate professionals planned. To enhance the learning academic sessions from world renowned Academia based out of these locations are also in the pipeline. The students will also be given the opportunity to explore the city and communicate with the local population to understand the sociocultural nuances of each country.

At the end of the module the students are required to make a presentation about the business opportunities in the country keeping in mind the current business scenario and the needs of the people of the visited country.

ILLUME-2021

Cruising through the endless flux of changes that have flooded the world in the past 20 months, the Indian Institute of Management, Nagpur, in order to persevere and adapt through this period of transition, conducted the 6th iteration of the annual industry-academia interaction summit, **Illume 6.0**. The primary motif of the event was **"Innovating Today to Revolutionize Tomorrow - Disruptive Trends of the Future"** with the intention to sow the seeds of innovation in the minds of future leaders with assistance from some of the best minds in the industry. The day-long event included panel discussions on the theme of disruptive innovations in various areas of management such as Strategy, Technology and Marketing.

The chief guest of the event was **Mr. B. Ashok**, CEO, Ratnagiri Refinery & Petrochemicals Ltd., a Joint Venture Company of India's three major Oil Marketing Companies. The decades of rich experience in the Petroleum and Energy Industry of Mr. B. Ashok was apparent from his deep insights about the PM Ujjwala Yojana that intends to transform the lives of millions of women residing in the rural parts of the country by laying down paths through which efficient and safe fuels like LPG can reach them.

The first panel discussion of the event was in the strategy area and hosted industry paragons like **Mr. Gunjan Shah**, the CEO of Bata India, **Mr. Shailesh Kekre**, Ex Managing Partner at McKinsey and Co, presently working with visionary founders of B2B SaaS StartUps, **Mr. Krishna Gopal**, Global Head of Sales Enablement at Tech Mahindra and **Mr. Sangram Singh**, Head of Commercial Banking, Axis Bank, moderated by **Prof. Atul Pathak**, IIM Nagpur. Key highlights that emerged from the discussion was about innovation-focused strategies, retaining human values along with technological advancements, stepping out of comfort zones in order to make discoveries, and keeping the spirit of curiosity alive.

The second panel discussion, centered on technology, was decorated by presence of **Ms. Seema Kumar**, Chief Technology Officer, Global Partner Solutions, Microsoft India, **Ms. Anita Guha**, Chief Information Officer Talent Advisor, IBM, **Mr. Amrinder Singh**, Executive Vice President & Head of Europe at Hexaware Technologies and **Mr. Anshuman Vatsyayan**, Director, NCR Corporation moderated by **Prof. Gunjan Tomer**, IIM Nagpur. The discussion accentuated the importance of up skilling and reskilling in a changing world and how the future businesses will demand 'Comb Shaped' competencies surpassing the prevalent 'T Shaped' competency Model.

In the third panel discussion, a stimulating conversation took place between two industry veterans that can be easily deemed as the harbingers of disruptions in their respective industries - **Mr. Neeraj Kakkar**, Co-founder and CEO of Hector Beverages and **Mr. Subramanyeswar S**, Chief Strategy officer - Asia Pacific Region at MullenLowe Group. The collaboration of these two minds is responsible for the creation and promulgation of widely acclaimed range of beverages - Paper Boat. The conversation ventured into both theoretical and sentimental aspects of marketing and brand management with particular focus on preserving the heritage for authenticity and building a brand inspired by a purpose.

In the presence of **Ms. Rekha Sethi**, Director General of the All India Management Association, the Apex Body of Management in India, the event came to a close with a valedictory ceremony. Illume 6.0 came to a successful conclusion achieving its goal of providing management students with an opportunity to peer into the veil of time through the eyes of accomplished individuals who not only envisioned but realised the industry landscapes of today & tomorrow.

UTKARSH - 2020

The Second Edition of "HR Leaders' Conclave - Utkarsh 2.0" focused on the theme of "Rethinking and Redefining HR in Post Pandemic Era" with different stalwart speakers that belonged to leading PSUs and MNCs.

The conclave provided an opportunity to the students and the industry maven from across varied business domains to involve in thoughtful interaction for equipping the upcoming management force with tools and innovative models to implement leadership development in a variety of settings.

The event spread over four sessions, wherein the guest speakers gave their insights on the topics, after which a panel discussion and Q & A session followed. The topics for the sessions were:

Clubs & Committees

Finance Club

FINesse, the finance club of IIM Nagpur, aims to provide a platform for the students to explore the different areas of the finance domain and apply their knowledge to real-world problems to enhance their skills. We also aim to equip the students with the latest trends and insights by publishing our weekly and monthly collaterals. To this end, the club has conducted various national-level events like the equity research challenge and creating the investment banking pitchbook challenge. The club has also conducted various in-house events like the Union Budget 2021 analysis and Trademania 2.0, a two-week-long live trading event, which allowed the student to experience live trading in a competitive scenario. The club also hosted many industry experts, who gave insights about the current industry trends and helped bridge the gap between academia and industry.

Students' Academic Body

Students' Academic Body is a student-elected body that works as an interface between the students and the academic administration. All matters pertaining to academic affairs are looked after by the PGP office together with the Students' Academic Body. The committee is responsible for conducting the elective subject's selection process, finalizing the subjects for all students, communicating with the PGP office and the faculties, acting as Course Representatives, facilitating academic projects for students, proposing seminars and workshops as per academic requirement and enabling students with required academic resources.

Operations Club

OPEX, the operations club at IIM Nagpur strives to foster students' interest in Operations and Supply Chain Management. During the academic year 2020-21, the club signed an MoU with ISCEA (International Supply Chain Education Alliance) and conducted the first-ever KPMG India's lean six sigma competency development workshop at the institute. Apart from this, events like Op-Expo, OpGrapho, Opmach, etc. conducted by the club were met with remarkable vigor and enthusiasm. Through these events, the club has tried to engage students and align their interests towards Operations Management and SCM. The club currently has members from diverse backgrounds who bring valuable industry experience. OPEX also organized various guest sessions on an interactive forum with industry stalwarts to discuss industry paradigms and trends to provide an enriching experience to the students of our institute.

Strategy and Consulting Club

Eques, the Strategy & Consulting club, being the youngest club of IIM Nagpur and with great aspirations, continues to be one of the most sought-after clubs of the institute that enables knowledge sharing and skill development. Eques facilitates a rich learning environment that helps students augment their knowledge in terms of strategy & consulting. Eques publishes newsletters to help students get in-depth industry insights and attempts to simplify unique strategies adopted by various businesses with the help of infographics. It aids students in acquiring knowledge on required tools & frameworks to help them understand business goals, risks, competition, and become better decision-makers. Through its industry leader guest session series "Strategy Talks" and annual conclave "Aalekh", it offers students the opportunity to learn from industry leaders and enhance their business outlook.

About Nagpur

Nagpur, located at the heart of the country, has marked its presence as one of the fastest growing cities in India. Popularly known as the Orange City, Nagpur has shown tremendous growth in terms of infrastructure development attracting investments from different parts of the globe. MIHAN (Multi-modal International Airport and Hub at Nagpur) Project, said to be the largest infrastructure development in Asia, has put Nagpur on the world map. Soon-to-be the first large-scale integrated smart city of the country, Nagpur is easily accessible to all the major cities across the country. All the major highways and railways trunk routes pass through Nagpur, making it potentially the biggest logistics hub in India.

Nagpur is an educational hub in Central India which has attracted the Government's attention to setup premiere institutes in and around the city. Surrounded by five forest reserves, Nagpur attracts wildlife tourism and has been named as the 'Tiger Capital of India'. Surging industrial growth, fast-growing infrastructure, strong connectivity and best-in-class educational institutions are some of the key factors that make Nagpur one of the most sought-after cities in the country.

Indian Institute of Management Nagpur campus, located in the plush green VNIT campus, is 6 km from Dr. Babasaheb Ambedkar International Airport and 7 km from the Nagpur Railway Station.

Well connected by Air, Road and Rail to all the major cities in the country, Nagpur has efficient public transport within the city like cabs, buses and the upcoming Nagpur Rail Metro.

Pre-paid taxi and Cab aggregations are available 24*7 in Nagpur.
