MIHAN CAMPUS

The permanent campus of IIMN is being constructed at Dahegaon Mauza, MIHAN, 9 km from the Dr. Babasaheb Ambedkar Nagpur International Airport. Built to cater to 600 students, the new 132-acre-campus has been designed to minimize the environmental footprint while facilitating learning both inside and outside the classroom. The campus will be developed in three phases. Phase 1 covers approximately 60,000 sq.m of the site, and includes the construction of a state-of-the-art academic complex, library, administrative block, student hostels, sports complex and faculty housing. The campus will also house a Management Development Centre for the institute's Executive Education Programme (EEP) and IIM Nagpur's entrepreneurship incubation centre, InFED, in addition to allied infrastructure.

ABOUT IIM NAGPUR

The Indian Institute of Management Nagpur (IIMN) was established in the year 2015 by the Ministry of HRD, Government of India, to facilitate multi-faceted management knowledge generation and dissemination through ethical and value-based learning, while catering to the needs of the emerging Indian economy. The Institute started its operations under the mentorship and guidance of IIM Ahmedabad.

IIM Nagpur has moved to its world-class campus in the heart of the Multimodal International Cargo Hub and Airport at Nagpur (MIHAN), the groundbreaking ceremony for which was conducted in the presence of Union Cabinet Minister Shri. Nitin Gadkari, the then Hon'ble Chief Minister of Maharashtra, Shri. Devendra Fadnavis, and then Guardian Minister for Nagpur, Shri. Chandrashekhar Bawankule.

IIM Nagpur is steadily carving its niche and outperforming other IIMs of its generation, ranking 43th in the Management Category in the National Institutional Ranking Framework (NIRF) 2021 announced by the Ministry of HRD, Govt. of India. In the seven years since its inception, as a rapidly growing new generation IIM, IIM Nagpur has strived for excellence in on-campus learning opportunities that facilitate intensive participation and extensive teamwork through critical thinking and decision-making. The four batch-strong alumni network has been setting milestones in the corporate space.

IIM Nagpur has always strived for adaptability and has proven successful in staying in tune with ever-changing times, by making a move to digital platforms for online classes, online interviews, and guest sessions to serve the student fraternity during the challenges presented as a result of the pandemic this year.

The Institute is well poised for capacity- and capability-building among the students, striving to meet global academic standards and nurturing young leadership with its extensive use of case study methodology, industry visits, guest sessions, and classroom lessons. The Field Immersion Module and the International Immersion are some of the unique teaching techniques undertaken by the Institute to shape the students who are ready to face the everyday uncertainties of the business world.

The motto “*Satyam cha svadhyayapravachanecha*” reflects the Institute’s belief in the constant striving for personal excellence as well as a collective quest and pursuit towards the continual unfolding of ever new vistas of higher/deeper realities. It promotes a positive bias towards excellence in thought and action and lifelong learning through practices such as frugal innovation and entrepreneurial approach.

Director's Message

Greetings from IIM Nagpur!

The academic year for the 2022–2024 cohort got off to a rousing start, with the best digital tools to guarantee perfection and no barriers to learning, exposure, or business connection. The Indian Institute of Management Nagpur takes great pride in its commitment to the ongoing evolution and the pursuit of excellence as a young institution in the very center of the nation.

With an average of 22 months of pre-MBA work experience and a sizable share of recent grads, the class is the perfect blend of experienced students and new graduates. Graduates from various academic disciplines, including engineering, business, management, chemical engineering, and related subjects, make up this group. This batch has got the highest number of non-engineers. Experienced individuals have held positions in consulting, technology, manufacturing, FMCG, power, and the financial services industry (BFSI). The class consists of an energetic, diverse group of individuals from 25 states and four union territories, with an average age of 23. The IIM Nagpur students are prepared to satisfy both the corporate world's rigors and the highest academic achievement standards. The Post Graduate Program and curriculum is structured to give students a thorough comprehension of the material and position them for success in their chosen fields. The students master the fundamentals of the classroom under the guidance of exceptional professors with a strong record of teaching and research. This year, a kind course Professional Management Practice (PMP) was launched to equip students with professional and leadership attributes essential for a successful career in the corporate world. It uses cutting-edge psychometric tools, immersive experiences, and action learning projects and is tailored with 1:1 mentoring from senior leaders from corporate houses to help students hone their skills. Our students get knowledge of and exposure to the corporate environment through various industry exchanges, such as the Illume-Industry Academia Summit of IIM Nagpur and the Utkarsh-HR Conclave. During the international immersion program, students have traveled to Japan, Singapore, Dubai, France, and South Korea and learned invaluable insights. As a result, they develop both their intellectual and applied problem-solving abilities. At IIM Nagpur, excellence extends beyond the classroom. While some students have already begun conducting research with international publications, others have gone above and beyond the course requirements and curriculum to earn certifications like the CA and Six Sigma. IIMN students actively participated in the corporate competition and made a significant mark in the CFA Ethics Challenge, Flipkart Wired, and ABGLP Avance. The students have also established themselves in various zonal, state, and national sports, including karate, swimming, basketball, football, table tennis, and cricket. The Honorable President of India inaugurated the 132-acre new IIM Nagpur campus at MIHAN. Industry CEO/stalwarts are invited to our campus for human library, guest sessions, conclaves, and panel discussions all year long to share expertise with our students.

We see this as evidence that the business community believes in the tenacity and potential of our students.

I invite industry professionals to come and interact with the engaging Class of 2022–2024. Also, I wish our students a fulfilling and fruitful professional future ahead.

Dr. Bhimaraya Metri
Director, IIM Nagpur

Chairperson's Message

“Warm Wishes from IIM Nagpur!”

Welcome to IIM Nagpur for the campus recruitment drive 2022–23. IIM Nagpur is a new generation IIM, but it is one of the fastest-growing B-Schools in India. With the best-in-class infrastructure and along with passionate faculties, they have created a fantastic learning ecosystem at the center of the country. We are a pre-eminent management institution influencing management practices, public policy, and governance through top-notch education, research, and industry engagement.

IIM Nagpur has various connections with international institutions, including the University of Lille France, Westminster Business School London, Chuo University Graduate School of Strategic Management Japan, Institut Mines-Télécom Business School Évry-Courcouronnes France. In addition, faculty from numerous international universities and senior industry professionals have taken courses at IIMN. These sessions enrich the students with worldwide expertise from academia and practice.

Over the years, IIM Nagpur has played host to prominent business leaders and key executives. These sessions have helped our students gain topical insights on current business challenges and the industry expectations from aspiring managers. The industry conclave couples the rigorous academic environment with information on the practical challenges that professionals face daily.

The Class of 2024 is IIM Nagpur's youngest in history and consists of students with diverse educational experiences and professional backgrounds. Our students have a sense of team spirit, enabling them to solve complex problems in groups by generating and evaluating ideas and arguments.

I want to warmly welcome the organizations wishing to participate in the Campus Recruitment Drive 2022–2023 at IIM Nagpur. We look forward to establishing a long-term collaboration based on mutual respect, trust and integrity. I am very confident that the students of IIM Nagpur that you would recruit will play a stellar role in taking your firm to newer heights.

Prof. Nilesh Gupta

Chairperson, Career Development Services

Faculty Speak

Prof. Avina Mendonca

The 2022-24 batch of IIM Nagpur encompasses resourceful, curious, and driven individuals from diverse backgrounds who have a strong will to excel and the necessary potential to do so. I have had the opportunity to engage with the batch in the organizational behaviour course and rural immersion program. During these academic interactions, the batch has exhibited a willingness to learn and a desire to develop a growth mindset. A balanced mix of fresh graduates and individuals with professional work experience in the batch has made my academic engagement with them much more stimulating. I am assured that with their eagerness to learn and excel, the students of batch 2022-24 IIM Nagpur will be great contributors to their respective organizations. I wish them all the very best in their future endeavours. ●●

Prof. Papi Reddy

Like any class of MBA, the class of 2022-24 of IIM Nagpur has its diverse mix across different dimensions. They have their own strengths and weaknesses. I have observed along with other traits batch has demonstrated commitment to the work, creativity in expression, attention to detail and inquisitiveness to learn. Given a chance and with some motivation, the batch has the potential to do wonders. ●●

Prof. Ranjitha G P

The current batch is special in multiple ways. They are the first batch to be on the brand new campus after a long pandemic. The face-to-face energy transfer makes the difference. I have been associated with them through the marketing management course and mentoring them at a personal level too.

The students in the current batch are with a reincarnated zest for life and indomitable aspirations for future. The class discussions are always rich and critical given the diversity of the batch. The students have proven their mettle beyond classrooms through various platforms. Personally, I have experienced their inclination towards taking up challenges as an opportunity to develop. So, undoubtedly It's a promising set of change-agents to the organization they get into. My best wishes to the students in redefining business for the future. ●●

Prof. Tanushree Halidar

PGP batch of 2022-24 is a live example of the role of diversity in better idea generation and development. Nevertheless, this batch with high levels of diversity do share some similarities as well. For example, students are not afraid of challenging each other's intellectual capabilities, while also ensuring that they reach an amicable solution. They do not want to settle for less and have a colossal determination of improving themselves at each and every stage. They want to excel, but not at the cost of losing their friends. The 2022-24 batch has created a unique welcoming environment in class that respects differences and helps each other in various academic fronts. I wish them all the very best. Hope to see them become inclusive leaders in the future. ●●

About PGP

The Post Graduate Program (PGP) at IIM Nagpur offers a unique learning experience to its students with its innovative pedagogy involving case studies, field immersion and interactive classroom sessions, thus, breaking the barriers of conventional teaching and ensuring seamless flow of information. The rich and integrated approach allows the Institute to source the best knowledge available across the globe, be it the elite faculty from well-known B-Schools or the

Industry Experts from different sectors around the world. Each year, we are adding new perspectives to managerial skills, projecting the Institute's assurance towards developing leaders with a view attuned towards fostering excellence.

We are proud to have a very inquisitive and talented pool of students who come from diverse academic backgrounds, out of which some have graduated from premier institutes of India and some have international exposure. Having an average work experience of 24 months, most of our students are well acquainted with corporate culture and policies, hence will prove to be an asset to the organizations they will get associated with. Our students' strong association with cultural and sports activities further fosters unity amongst the batch. Enthusiastic involvement of students and faculties alike in various academic and cultural events, be it Ganesh Chaturthi, Eid, Onam, Diwali, Dussehra or Christmas leads to a campus life buzzing with vitality & spiritedness.

- ◆ Brand Management
- ◆ B2B Marketing

Strategy & Entrepreneurship

- ◆ Management Consulting
- ◆ International Business
- ◆ Innovative and Disruptive Business Models – Workshop
- ◆ Holistic Strategy Implementation through Balanced Scorecard
- ◆ Future of Work
- ◆ Capstone Business Simulation

IIM Nagpur Off-Campuses & Collaborations

IIM Nagpur collaborates with various organizations to promote all-round development of the students and provide opportunities across different sectors.

It is a member of The Association to Advance Collegiate Schools of Business (AACSB) and is committed to the common goal of creating the next generation of great leaders. Through this alliance, IIM Nagpur aspires to connect with the global network and contribute to improving the quality of business education around the world.

IIM Nagpur has signed an MoU with the Central Institute of Road Transport (CIRT), Pune. The MoU provides for research collaboration, executive training & other educational programs for corporate & govt professionals and consultancy engagements between the two institutions.

IIM Nagpur, in collaboration with ISDSI – G (International Society for Data Sciences and Innovation – Global), announced the ISDSI-G 2021 Conference on Leading Business in a FLUID World which is scheduled to be conducted from December 27-30, 2021, in the online mode.

It has also signed an MoU with the National Institute for Micro, Small, and Medium Enterprises(Ni-MSME) Hyderabad. The MoU, signed by Ms. Glory Swarupa (Director-General, Ni-MSME) and Dr.BhimarayaMetri (Director, IIMN) paves the way for collaboration in the areas of training, research, consulting and outreach in the domain of management, MSME development, skill development, and entrepreneurship, by way of short-term education and training programs, faculty development programs, infrastructure sharing and the development of a campus of IIM Nagpur in Hyderabad.

For international exposure, IIM Nagpur has signed Memoranda of Understanding (MoU) with several institutions worldwide. These engagements open up avenues for student and faculty exchange programs, research and training collaboration in a multicultural environment.

MoUs have been signed with the following universities:

Chuo University
Graduate School
of Strategic
Management, Japan

Institut Mines-
Télécom Business
School, Évry, France

University of Lille,
France

Frankfurt School
of Finance and
Management

Westminster Business
School, University of
Westminster, United
Kingdom

INDO-JAPAN Research Centre

The Indo-Japan Research Center (IJRC) was founded in the year 2020 with the aim of strengthening and furthering collaborative research and to further the internationalization efforts of IIM Nagpur.

The IJRC at IIM Nagpur, strives to create and disseminate knowledge at the confluence of Indo-Japanese thought, philosophies, and principles.

The center explores beyond the traditional bounds of the domain of management in this regard, by integrating tenets from across technological fields, and the arts and aesthetics, as relevant to management research and education.

The primary activities of the center include contextually relevant research at the Indo-Japanese cross-cultural context, development of contemporary teaching materials including cases, industry notes, and technical notes, advisory services, and training programs in helping develop good managerial and entrepreneurial talent capable of working seamlessly across (seemingly) disparate cultural contexts.

The center will also organize talks and conferences periodically, in conjunction with its Japanese partners, in an effort to bring the Indian and Japanese industries, and academia, closer. Most importantly the center will strive to form deep and lasting connections between the people of the two great countries by upholding the jointly celebrated spirits of collaboration, friendship, and universal humanism.

International Immersion Program

IIM Nagpur offers an intensive 'International Immersion Module' as an elective in term 5 of the curriculum. The objective of the module is to broaden the horizon of the students from a national to a more global focus. As a part of this module field visits have been arranged for students in countries like Japan, France, Singapore, South Korea and UAE. Students will be visiting key industrial touch points with sessions from top corporate professionals planned. To enhance the learning academic sessions from world renowned Academia based out of these locations are also in the pipeline. The students will also be given the opportunity to explore the city and communicate with the local population to understand the sociocultural nuances of each country.

At the end of the module the students are required to make a presentation about the business opportunities in the country keeping in mind the current business scenario and the needs of the people of the visited country.

UTKARSH 2022

Utkarsh is a platform where industry professionals and thought leaders from various sectors come together for a discussion spotlighting the challenges faced by organizations and employees.

The theme of Utkarsh 3.0 was "HR UMBRELLA - CONNECTING PEOPLE". Building connections and networks of people is an intrinsic task of human resource management. Connecting people to build teams, organizations and legacies that have changed the course of human history. We had taken upon ourselves this lofty aim of changing the course of history and to aid us in this humongous task we were joined by Industry and Thought leaders.

Cruising through the endless flux of changes that have flooded the world in the past 20 months, the Indian Institute of Management, Nagpur, in order to persevere and adapt through this period of transition, conducted the 6th iteration of the annual industry-academia interaction summit, **Illume 6.0**. The primary motif of the event was “**Innovating Today to Revolutionize Tomorrow - Disruptive Trends of the Future**” with the intention to sow the seeds of innovation in the minds of future leaders with assistance from some of the best minds in the industry. The day-long event included panel discussions on the theme of disruptive innovations in various areas of management such as Strategy, Technology and Marketing.

The chief guest of the event was **Mr. B. Ashok**, CEO, Ratnagiri Refinery & Petrochemicals Ltd., a Joint Venture Company of India's three major Oil Marketing Companies. The decades of rich experience in the Petroleum and Energy Industry of Mr. B. Ashok was apparent from his deep insights about the PM UjjwalaYojana that intends to transform the lives of millions of women residing in the rural parts of the country by laying down paths through which efficient and safe fuels like LPG can reach them.

The first panel discussion of the event was in the strategy area and hosted industry paragons like **Mr. Gunjan Shah**, the CEO of Bata India, **Mr. Shailesh Kekre**, Ex Managing Partner at McKinsey and Co, presently working with visionary founders of B2B SaaSStartUps, **Mr. Krishna Gopal**, Global Head of Sales Enablement at Tech Mahindra and **Mr. Sangram Singh**, Head of Commercial Banking, Axis Bank, moderated by **Prof. Atul Pathak**, IIM Nagpur. Key highlights that emerged from the discussion was about innovation-focused strategies, retaining human values along with technological advancements, stepping out of comfort zones in order to make discoveries, and keeping the spirit of curiosity alive.

The second panel discussion, centered on technology, was decorated by presence of **Ms. Seema Kumar**, Chief Technology Officer, Global Partner Solutions, Microsoft India, **Ms. Anita Guha**, Chief Information Officer Talent Advisor, IBM, **Mr. Amrinder Singh**, Executive Vice President & Head of Europe at Hexaware Technologies and Mr. Anshuman Vatsyayan, Director, NCR Corporation moderated by Prof. Gunjan Tomer, IIM Nagpur. The discussion accentuated the importance of up skilling and reskilling in a changing world and how the future businesses will demand ‘Comb Shaped’ competencies surpassing the prevalent ‘T Shaped’ competency Model.

In the third panel discussion, a stimulating conversation took place between two industry veterans that can be easily deemed as the harbingers of disruptions in their respective industries - Mr. Neeraj Kakkar, Co-founder and CEO of Hector Beverages and Mr. Subramanyeswar S, Chief Strategy officer – Asia Pacific Region at MullenLowe Group. The collaboration of these two minds is responsible for the creation and promulgation of widely acclaimed range of beverages - Paper Boat. The conversation ventured into both theoretical and sentimental aspects of marketing and brand management with particular focus on preserving the heritage for authenticity and building a brand inspired by a purpose.

In the presence of Ms. Rekha Sethi, Director General of the All India Management Association, the Apex Body of Management in India, the event came to a close with a valedictory ceremony. Illume 6.0 came to a successful conclusion achieving its goal of providing management students with an opportunity to peer into the veil of time through the eyes of accomplished individuals who not only envisioned but realised the industry landscapes of today & tomorrow.

IIM Nagpur successfully hosted the first edition of Prerna – the CEO’s e-Round Table Conclave in 2021, aimed to enrich its established connections and encourage new bonds in and around the industry.

Prerna – CEO’s e-Round Table Conclave is a platform enabling seasoned professionals to connect with one another for sharing enriching experiences or even challenges in an incredibly empowering, motivating, judgment-free and self-expressive atmosphere. CEOs from various industries will come together for an insightful panel discussion that would focus on spotlighting the innovative steps

taken to overcome challenges, and learn about business reforms taking place during these unprecedented times.

We were delighted to have among us Mr. Sameer Chadha (CEO, KPMG Global Services Management), Mr. Vivek Bhatia (MD & CEO and Member of the Board, ThyssenKrupp Industries India) and Mr. Anuj Gandhi (MD, Indus Valley Partners) as the panellists for Prerna and Ms. Yogja Singh (Senior Associate Director, KPMG in India) as the moderator for the conclave wherein the theme of the conclave was “Dynamic business strategies used to evolve during these challenging times”.

Clubs and Committees

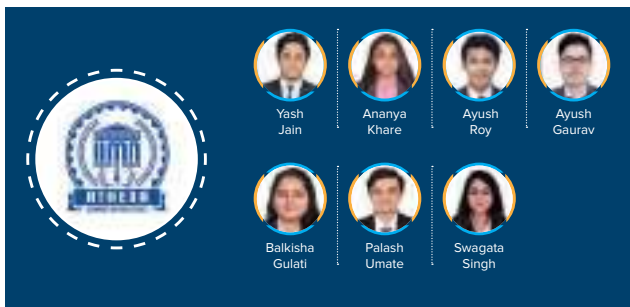

Abhyudaya

Culture, an indispensable part of one's life, reforms the views, values and manifestations of people and communities. It influences our perspective and understanding of individuals both at intra and inter community levels, and forms an emblem of years old heritage. Abhyudaya, the Cultural Club of IIM Nagpur, aims to encompass these forms of arts and beliefs, enhance the diversity and strengthen the relationships amongst the students of the eminent institution. Since its inception, it has worked to nurture cultural awareness, self-awareness and innovative thinking by conducting managerial and team building events and observed various festivals, like Navratri, Onam, Christmas, Holi etc to name a few, with grandeur on the campus to celebrate the inclusion in diversity. Apart from contributing to establishing a vibrant campus life for the students, faculties and staffs, the club has laid down the stepping stones for the future managers to have a holistic growth and development alongside the academic journey at IIM Nagpur through events such as Talent Night and Section Wars.

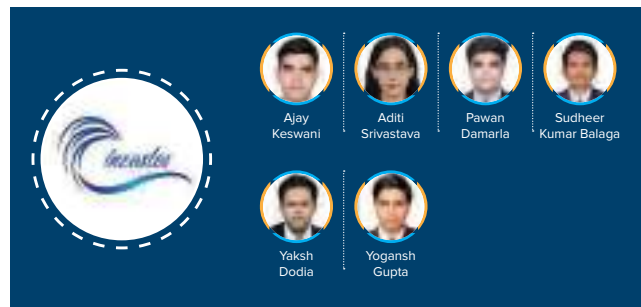

Alumni Committee

The Alumni Committee of IIM Nagpur seeks to continuously strengthen the 'Alumni-Institute' bond and keep our ever-growing IIMN family tightly knit. The committee operationalised the launch, and maintains the 'Alumni Portal', wherein the alumni share their knowledge, collaborate on City-Chapter pages, relay job opportunities with the current students/alumni, and also provide domain-specific guidance via interest groups. The committee also continued 'Mentorship Program' and launched 'Virtual Batch-meets' to supplement the continuous interaction opportunities between the alumni and the students. The committee actively stays in touch with the institute's treasured alumni base, promptly seeking opportunities to include them in college-related activities.

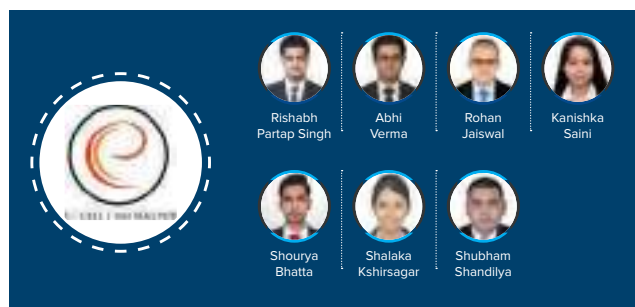

Athena - The Economics and Public Policy SIG

Athena - The Economics and Public Policy SIG inaugurated by Dr. KV Subramanian, CEA to Govt of India, aims to facilitate learning economics and public policy for future managers, business owners and policymakers from IIM Nagpur and other interested people. The interpretation of various global happenings and understanding the cause-effect relationships in the economy is crucial for future leaders. This SIG envisions to kindle the student community interest around this domain and help widen their perspectives. To facilitate this, the SIG is responsible for a series of Inter/Intra level college competitions, a monthly newsletter, PRAJNA speaker series, regular infographics on social media platforms, a daily Instagram story covering crucial economics news of the day, a placement guide related to economics, and much more.

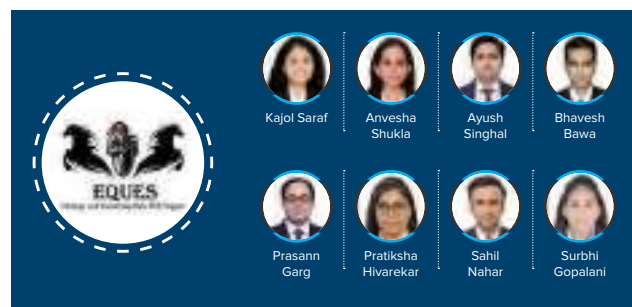

Cineastes

Cineastes – The Movie Club aims to provide a platform to learn through entertainment. Every film sheds light on a different aspect of our day-to-day life. Each film helps us to explore a different culture and, in the process, to know our own. You never close a book without learning something; cinema is the same in another medium. As the club for movies, we recognize this ability of motion pictures and want to provide a platform for students to grow and learn through screenings and discussions. Starting last year, we also started our journey in filmmaking with two films that received a great reception, thus applying practical aspects to our learning.

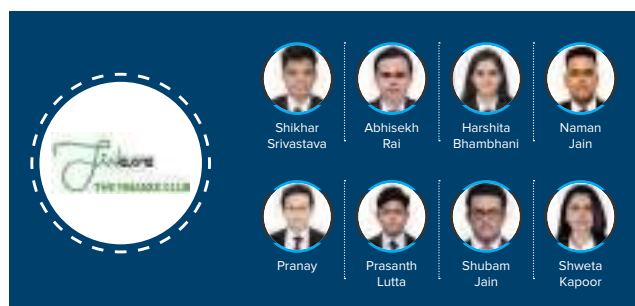

E-Cell

E-Cell- The Entrepreneurship Cell of IIM Nagpur is the student body that aims to promote entrepreneurship and an innovative mindset. At E-Cell, we make available to the students the best of the resources any aspiring entrepreneur might need, and also give students the opportunity to interact with other successful professionals from a variety of domains, along with connecting them with mentors. Our yearly roster of events includes talks from prominent industry personalities as part of the E-Talks series, case study competitions like Entrepreneurship and many others. E-Cell seeks to support the Startup Ecosystem in India by establishing a community of dedicated students, professors, investors, and industry experts. ●●

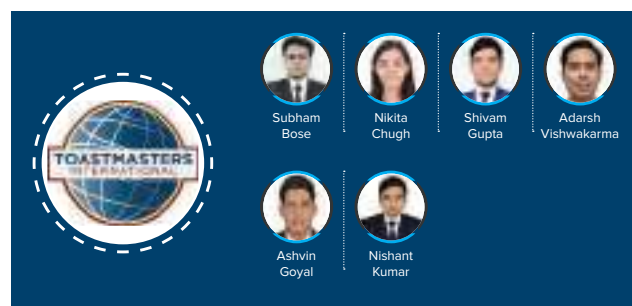

EQUES - Strategy and Consulting Club

Eques, the Strategy & Consulting Club of IIM Nagpur, being one of the most diverse clubs in terms of industry experience with members, aims to facilitate a rich learning environment that helps students augment their knowledge in terms of strategy & consulting. Eques publishes newsletters to help students get in-depth industry insights and attempts to simplify unique strategies adopted by various businesses with the help of infographics. It aids students in acquiring knowledge of required tools & frameworks to help them understand business goals, risks, and competition and become better decision-makers. It boosts students' interest through various national-level and in-house competitions and exciting live project opportunities. Through its guest speaker series - Strategy Talks and annual conclave - Aalekh, it offers students the opportunity to learn from industry leaders and enhance their business outlook. ●●

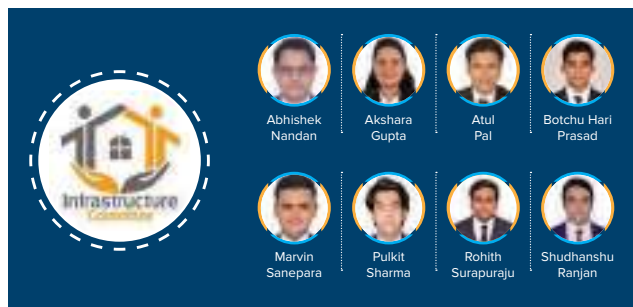

FINesse

FINesse, the Finance Club of IIM Nagpur, aims to provide a platform for the students to explore the different areas of the finance domain and apply the domain knowledge to real-world problems. The club also equips the students with the latest trends and insights by publishing weekly and monthly collaterals. FINesse conducts its flagship competitions, such as the National Equity Research Challenge to give students a platform to test their financial acumen. The club has hosted many industry experts who gave insights into current industry trends and helped bridge the gap between academia and industry. FINesse has taken various initiatives such as crosswords and puzzles to initiate engagement and fulfill its aspirations of enhanced financial literacy amongst the students of IIM Nagpur. ●●

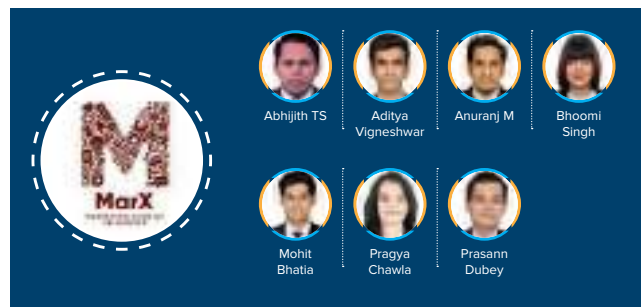

IIM Nagpur Toastmasters

IIM Nagpur Toastmasters, a member club of Toastmasters International, started with the enthusiastic participation of around forty students. The club has embarked on its journey of exchanging ideas and empowering individuals to become more effective orators. The student activities planned under the club allow the students to hone their leadership and communication skills further. This platform provided to the students has helped them articulate their thoughts by giving regular speeches, listening to varied experiences, and sharing constructive peer-to-peer feedback. True leaders emerge from the Toastmasters program by regularly giving speeches, gaining feedbacks, leading teams, and guiding others to achieve their goals in a supportive atmosphere. We provide a supportive and positive learning experience in which members are empowered to develop communication and leadership skills, resulting in greater self-confidence and personal growth. ●●

Infrastructure Committee

The Infrastructure Committee of IIM Nagpur is primarily responsible for the onboarding, hostel allotment, and resolving the inventory-related issues faced by the students on campus. Additionally, it provides continuous support to all Clubs, Committees, and SIGs in dealing with infrastructure-related matters such as accommodation and transportation of students, faculties, and guest speakers. The team is committed to working tirelessly to resolve the daily issues faced by students, such as procurement of inventories, cleaning of hostels, and maintenance of the campus. The Infrastructure Committee aims to provide world-class facilities to everyone on the campus by acting as a bridge between the students and the administration. ●●

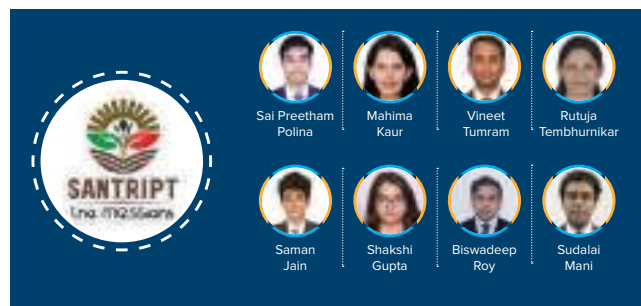

MarX - Marketing Club of IIM Nagpur

MarX, the marketing club of IIM Nagpur, is highly culture and purpose-driven. MarX aims to connect marketing concepts to real-world applications and be a resource for students aspiring for a career in Marketing. We also offer consulting services to external clients as a club, which offers immense learning opportunities for the club executives and the student community. Our industry connections are driven by our guest speaker sessions INSIGHT, which connects top marketing professionals across organizations to IIMN Community. Our Flagship national marketing event Adwise had 100K+ impressions across digital platforms and 500+ registrations from top B Schools of the country. ●●

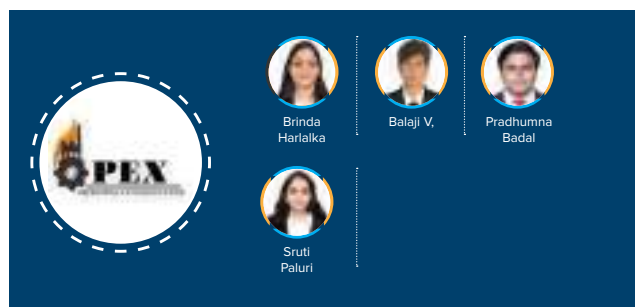

Media & PR Club

Nexus, the Media and PR club of IIM Nagpur, works as the epicenter of the Institute's branding exercise. From creating and monitoring information on the official social media handles of IIMN, building Internal PR across the stakeholders through merchandise, yearbook, college magazine (Meraki), and more to helping B-School aspirants in accumulating accurate information and requisite Institutional guidelines, Nexus captures the entire spectrum of the Institute's presence. It also holds the responsibility of assisting new batches throughout the admissions process, right from appearing for CAT to their inductions at the beginning of the academic year. Being channelized by creative professionals, Nexus also assists the college entities in design-related activities. By facilitating the Institute's online as well as print media presence, the club holds the responsibility of building the IIM Nagpur brand. ●●

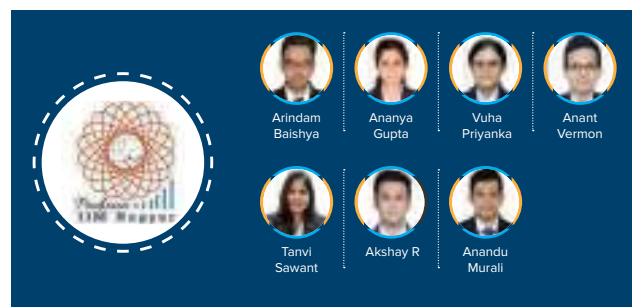

Mess Committee

Mess-Committee of IIM Nagpur is responsible for providing best quality and healthy food services on the campus. The committee caters to the nutritional needs of 500 plus students throughout the year. It acts as a bridge between the administration and vendor on one side and students on the other to address their issues. The menu is designed to ensure it serves a varied range of cuisine to the likes of a diverse batch of students at the campus. Special food during fasts and festive occasions is arranged with the intent to share happiness through food. We aim to adhere to quality, hygiene, and good service in mess premises. ●●

Opex

OPEX, the operations club at IIM Nagpur, strives to foster interest in Operations Research, Supply Chain Management and allied sectors. Since its inception in 2015, the club has organized events like Op-Mach, OpsGrapho, Opwiz among many others. The club has ever since endeavored to engage students and align their interests towards Operations Management and SCM through these events. During the academic year 2020-21, the club signed an MoU with ISCEA (International Supply Chain Education Alliance) and conducted the institute's first-ever KPMG India's lean six sigma competency development workshop. Carrying forward the legacy, during the academic year 2021-22, the club organized various certification courses like CDDP, KPMG lean six sigma for the student community. The club launched its first-ever intra college quiz competition, OpsProbe, which witnessed an enthusiastic participation from students. Through its initiatives like Optalk, OPEX has also organized various guest sessions on an interactive forum with industry stalwarts to discuss industry paradigms and relevant trends.

Predixion

The Analytics club of IIM Nagpur provides a platform for students to get insights into analytics and its application in a real-world scenario to learn and enhance their skills. The Club's primary purpose is to be a resource hub of analytics for students by conducting workshops, newsletters, events, and sessions. The Club conducts inter-college and national level events, which includes Quiz, Analytics case study challenge, Dashboard and Excel competitions like Brain-a-lytics, Enigma, DataTrix, and Excelsior to propel the competitiveness and understanding of students. Also, Club has hosted many renowned industry experts from the analytics domain as a part of guest sessions and workshop series to guide students and enhance their analytical knowledge.

Preparatory Committee

We've got you covered in every category be it Do's and don'ts for the Workshop, Group Discussions, or Company Decks! We handle everything, from resume-building sessions for the incoming batch to preparing them for the placement process. During the placement season, we produce Company Decks and Sector Reports at a breakneck speed. This demonstrates our dedication to meeting the needs of the batch in terms of preparation. Preparatory Group Discussions, Domain Knowledge Sessions, Mock Interviews, etc. are among the activities that are carried out. The knowledge repository provided has extensive study material organized by topic, which assists in preparation for every aspirant. We have made it a priority to proactively search for areas in which our deliverables could be enhanced to provide the best we can. We would like to express our appreciation to the batch for their assistance and cooperation in facilitating sessions on resume building, mock interviews, etc.

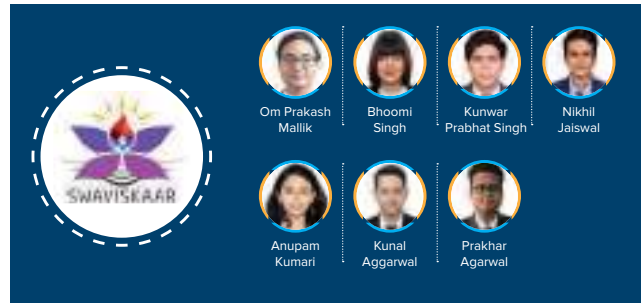

Sports Club

The Sports Club of IIM Nagpur strives to promote physical and mental wellness among the students and facilitate a medium to relieve their stress through different sporting activities all around the year. The club provides platforms for students to showcase their sporting talent in events like the flagship Intra-College Sports Fest, "Rhapsody" and different inter-college tournaments. The club also organizes activities to encourage individuals to take up fitness activities through the "Fit India Campaign", walkathons, etc. The club plays a key role in the all around development of the students and ensures that while having fun, students also inculcate values like team building, inclusion, perseverance and bonding.

Students' Academic Body

Student Academic Body (SAB) is a group of elected students working hand in hand with the PGP office to best represent student interests. SAB is a multidisciplinary body responsible for ensuring that students maintain the utmost professionalism in and out of class, conducting electives bidding in 2nd year, mentoring CRs, and bringing industry-relevant coursework to notice of the PGP. SAB members work actively with the PGP to constantly improve the student ease w.r.t to grades, leaves, mark sheets, degrees, etc. SAB members also act as subject representatives (SR) in 2nd year acting as a bridge between the faculty and students. ●●

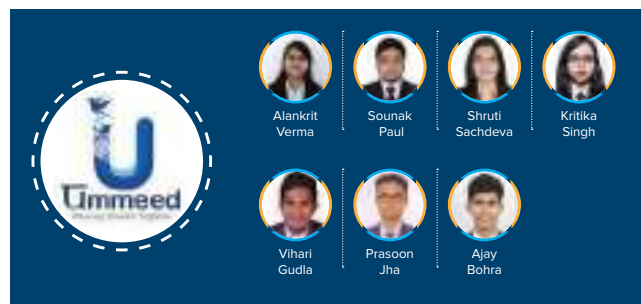

Swaviskaar

The Arts community of IIM Nagpur, came into existence in 2019 to facilitate the exchange of ideas for those connected with or interested in any form of Art. The community has organized several initiatives to promote various art forms, such as "Artist of the week", 'Iktara - Open Mic for the spoken word', 'Prabodhan', and more, with 100+ attendees. We invite famous artists across the country to perform live on our platform. We conduct many competitions, students from different B-schools and technical institutes have shown their keen interests. The main objective is to provide a platform for the students to showcase their diverse talents and collaborate to reinvigorate various art forms. ●●

tHRive - The HR Club

tHRive, The HR Club at IIM Nagpur was instituted in the 2019 with the principal objective to emulate and propagate the best practices in the domain of People Management in academic and professional capacities. The club aspires to become the conduit through which acquaintance with concepts of Human Resources Management can be developed that could later be translated into professional inspiration to contribute in the area. tHRive aims to provide an in-depth understanding of Human Resource Management (HRM) through industry interaction and knowledge enhancement. The Club supplements this by creating activities and competitions involving concepts and applications from OB & HR, ensuring interactive learning of different aspects of HRM. In addition, the Club enables HR enthusiasts to learn from industry professionals through multiple guest sessions and workshops. ●●

Ummeed - The Community Outreach Club

Ummeed, the community outreach club of IIM Nagpur, works towards creating an impact in society by spreading awareness about various social causes, sensitizing the minds of today's youth, and developing a sense of social responsibility. Working with different stakeholders on different fronts, Ummeed envisions helping and empowering the underprivileged and differently-abled through its unique and compassionate approach to social issues. In line with the vision, the club organizes events such as Blood Donation Drive, Donation Drive, Teaching differently-abled kids, Cleanliness campaign, Women's day celebration in collaboration with NGOs. The club also organizes case study competitions and events to encourage sustainable business solutions for prevailing social and environmental issues. ●●

Alumni Speaks

Zeba Nasim

Microsoft | PGP 2020-22

The lessons learnt at IIM Nagpur extend beyond the curriculum and are based on the pillars of collaboration and commitment to working together to optimize the results in the field of management and personal development. The faculty who brought in their experience from industry and academia challenged our perspective and helped us hone the skills of being precise and concise decision-makers through engaging lectures and case discussions. For me, it's been inspiring to be a part of IIM Nagpur's network of peers, professors, and industry stalwarts whose experience has taught us to be professional, present, and intentional in the roles we aspire to take in the future opportunities. ”

Surya Kant Prasad

KPMG | PGP 2019-21

A fabulous place to learn, innovate, develop and contribute not just to the careers of fellow batchmates but also to the institute's success stories. For me, it became extra special as the entire market was hit by covid and with a forward-looking philosophy, we introduced many new strategic measures on all fronts of the placement cycle for achieving bigger and better success. Interestingly, IIM N has always witnessed a growth in its placement metrics and I am very confident that the upcoming placement season will keep the trend alive. Last but not the least, I feel lucky to have such a robust network of professional & personal connections which often serves as reinforcement to my future aspirations. ”

Bharath Turlapaty

KPMG | PGP 2018-20

Having had the opportunity to be a part of an enterprising B-School in early growth phase has helped me to experience a unique blend of learning from strong academia and implementing the learnings into institute building, heading the Students' Council. IIM Nagpur has provided multiple opportunities to us through intense curriculum, corporate interaction events, students' activities, immersion and internship programmes to develop decision making and leadership skills. With the burgeoning growth trajectory that IIM Nagpur has been on, its determined endeavours and with the curriculum, I am sure that the students of IIMN are well equipped with the right set of knowledge and skills that the corporate awaits. ”

Sparsh Jaiswal

Samsara Group | PGP 2019-21

Well my time at IIM Nagpur is nothing short of a 'BIG SMILING MESS'. I was just having 1 year of professional experience under my belt and made lots of mistakes during this stint, but I made sure that my learning curve never flattens. The best part of this journey was the plethora of opportunities that I had in front of me, I was a member of MessComm & Swaviskar, the exclusive FIP & IIP module and a diverse batch which helped in enhancing my thinking. Additionally, the Placement committee here was very approachable which was always available to help us. ”

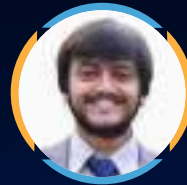

Rahul Bhuyan
AntWalk | PGP 2019-21

I always wanted to do an MBA program from a reputed institute. I was able to achieve my goal in 2019 after being admitted to IIM Nagpur.

It has been a really great experience. From the late night project submissions, festival celebrations and the field immersion program, the overall experience has really changed me as an individual.

I am also thankful to the placement committee for giving me a platform to help me land a job in a reputed company. ””

Aditya Loiya
Deloitte | PGP 2017-19

IIM Nagpur provides tremendous growth opportunity to the candidates to nurture the personality and hone their skills as a professional, making them ‘corporate’ ready. This 360 degree growth is achieved through its comprehensive academic curriculum, clubs & committees, social forums, distinguished faculty cohort, superior infrastructure facilities, diverse peer group, to name a few. As a member of the Placement Committee myself, I have had the chance to know the institute core values and its focus on supporting the candidates choosing an appropriate career option. Being accountable for someone’s future, by choice, really prompted me to be efficient and smart about expensing my time and provided lifelong learnings. ””

Shankhabrata Misra
EY | PGP 2018-20

MBA, for me, isn’t only a Two-year rigorous programme to learn the necessary theoretical and practical aspects of a business environment, it’s a process to make one a much more informed, matured and stable version of oneself. IIMN through its smartly crafted curriculum not only provides perfect business-learning but its in-campus culture, camaraderie among students and mentoring from professors help create an environment where you feel prepared physically and mentally to be able to run that extra mile, a future-leader needs in true sense. A B-school is incomplete without its Placement Team and here comes the ultimate superstars of this programme, not because they help you getting placed but they create the environment for you to feel confident enough to get the best you deserve. My two years in IIMN has helped me mature as person to understand myself both personally and professionally creating an everlasting impression. ””

Vikram Khanna
American Express | PGP 2016-18

IIM Nagpur to me is so much more than just an institute I graduated from. Being a part of the second batch gave me an opportunity to play a role in shaping the institute and I am glad that IIMN now stands among the top B Schools of the country. The stellar placements witnessed in the recent years is testimonial to the holistic pedagogy which the students at IIMN receive. I believe the work ethics instilled, be it through classroom sessions or through club activities, goes a long way in making students better employees, good human beings and in turn great brand ambassadors of the institute. I wish the coming batches the very best in their endeavors. ””

Media Coverage

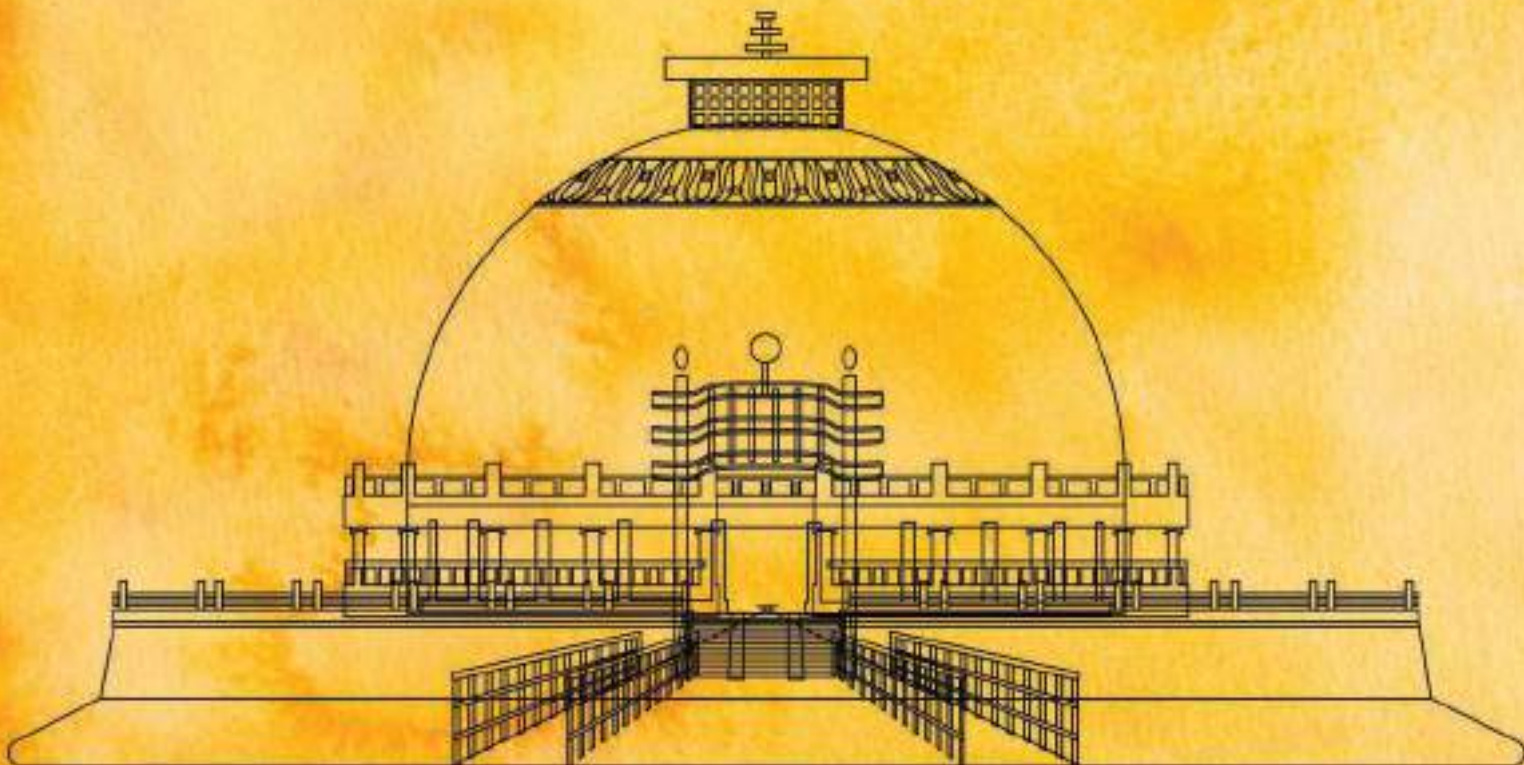

IIM Nagpur - New MIHAN Campus Inauguration Function

About Nagpur

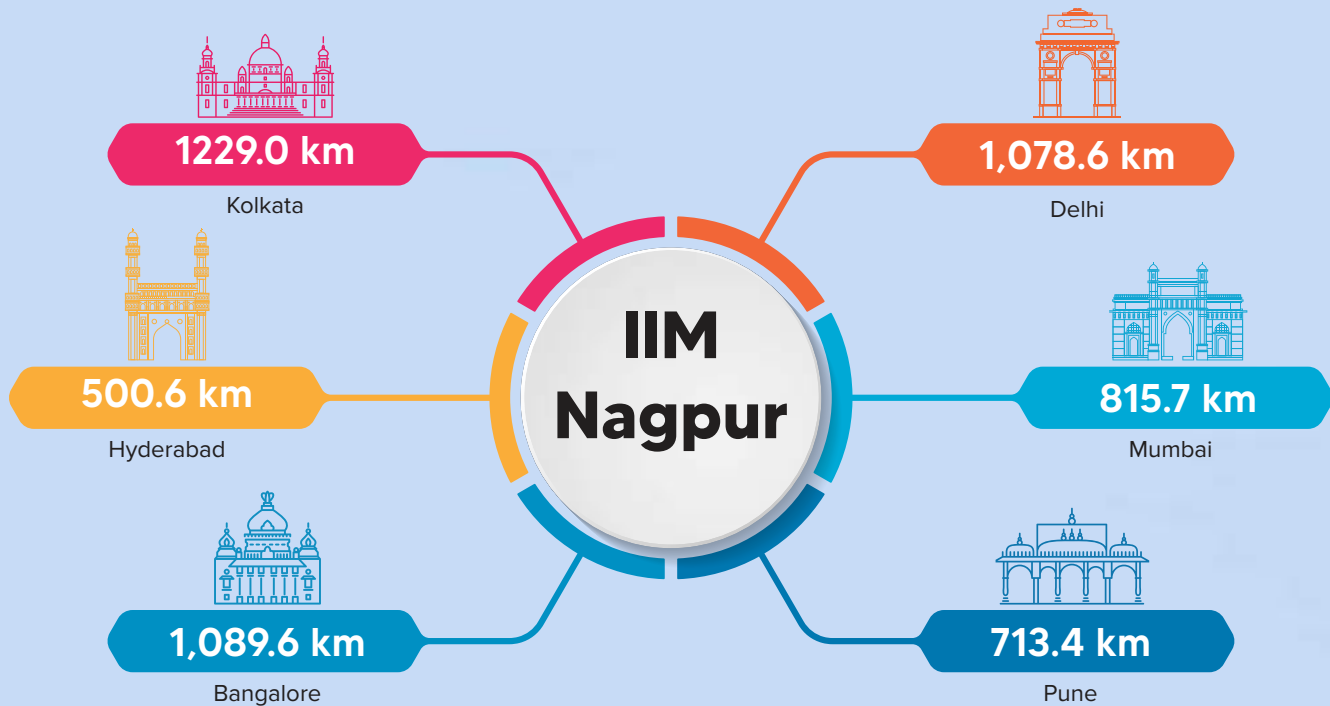

Nagpur, located at the heart of the country, has marked its presence as one of the fastest growing cities in India. Popularly known as the Orange City, Nagpur has shown tremendous growth in terms of infrastructure development attracting investments from different parts of the globe. MIHAN (Multi-modal International Airport and Hub at Nagpur) Project, said to be the largest infrastructure development in Asia, has put Nagpur on the world map. Soon-to-be the first large-scale integrated smart city of the country, Nagpur is easily accessible to all the major cities across the country. All the major highways and railways

trunk routes pass through Nagpur, making it potentially the biggest logistics hub in India.

Nagpur is an educational hub in Central India which has attracted the Government's attention to setup premiere institutes in and around the city. Surrounded by five forest reserves, Nagpur attracts wildlife tourism and has been named as the 'Tiger Capital of India'. Surging industrial growth, fast-growing infrastructure, strong connectivity and best-in-class educational institutions are some of the key factors that make Nagpur one of the most sought-after cities in the country.

How to Reach

Well connected by Air, Road and Rail to all the major cities in the country, Nagpur has efficient public transport within the city like cabs, buses and the upcoming Nagpur Rail Metro. Pre-paid taxi and Cab aggregations are available 24x7 in Nagpur.
