## Chapter – 3

### Background and Broad Scope of Work

#### 3.1 About the Institute

Indian Institute of Management Nagpur is an institution of national importance under the Indian Institutes of Management Act 2017. Indian Institute of Management Nagpur started its journey in the year 2015 under the mentorship of the Indian Institute of Management Ahmedabad. The Institute's first batch of Post Graduate Programme (PGP) in Management commenced on the 23rd of July 2015. IIM Nagpur has recently moved to its own campus (of approx. 135 acres) at MIHAN, Nagpur. IIM Nagpur, being a new generation IIM, aims to create value-driven leaders, global managers, and entrepreneurs with strong conceptual foundations and analytical approach to help them be the best in whichever field they choose. The aim is to innovatively address the needs of a modern India and connecting aspirations and realities to attain benchmarks that are respected internationally. IIM Nagpur is gradually increasing its portfolio of activities to fulfill these objectives.

A key aspect of IIM Nagpur's mission is to make an impact on the practice of management. Towards this goal, IIM Nagpur is focused on engaging and collaborating with organizations from the corporate sector, public sector undertakings, and government organizations. Our objective is to enable managers and executives to improve their knowledge, skills, and capabilities to be equipped to perform effectively in their current roles and to take up greater challenges as they move through various stages in their careers.

The Institute is looking for an agency to provide Landscape maintenance services required for IIM Nagpur. The Institute has adopted the highest quality standards for all its activities, and the bidder is required to render services meeting stringent standards and high quality.

Before attempting to fill out the tender document, the bidder should visit the Campus of the Institute to familiarize himself/herself with the various elements of services that are required to be rendered and to understand the quality levels of service that are required to be rendered. **B. Technical bid score, out of 50, will be as mentioned in Chapter-3**

**Step -1:** Bidders getting less than 25 marks out of 50 in the technical bid will not be considered for the price bid.

**Step - 2 (for techno-commercial evaluation):** Bidders getting the highest technical score will be considered as 50 and others will be adjusted on a pro-rata rate basis. This will become technical score = X

Methodology for arriving at the Price of Bidders:

Total Amount Quoted for Year 1 = a

Escalation in % quoted by Bidder for further years on an annual basis =

For 2<sup>nd</sup> year = g<sub>2</sub>

For 3<sup>rd</sup> year = g<sub>3</sub>

For 4<sup>th</sup> year = g<sub>4</sub>

For 5<sup>th</sup> year = g<sub>5</sub>

Year 1 = a = Price = As quoted in the Bid

Year 2 = b = {a+(a\*g<sub>2</sub>)/100}

Year 3 = c = {b+(b\*g<sub>3</sub>)/100}

Year 4 = d = {c+(c\*g<sub>4</sub>)/100}

Year 5 = e = {d+(d\*g<sub>5</sub>)/100}

For arriving at Net Present Value, the discount rate will be considered as 10%

$$\text{Total NPV} = f = \{a + (b/1.1) + (c/1.21) + (d/1.331) + (e/1.4641)\}$$

This value of “f” will be considered in for arriving at the PRICE BID score “Y”.

**Price bid score “Y shall be out of 30**

$$Y = \text{Score of Price bid} = \frac{30 * (\text{Price quoted by lowest agency} = f \text{ as mentioned above})}{(\text{Price quoted by an agency})}$$

Formula to calculate the total score of an agency:

$$\text{Total Score out of 100} = X + Y$$

The bidder getting the highest composite techno-commercial score (X+Y) will be awarded the contract.

The bidder getting the highest score shall be considered for the award of the contract but at the sole discretion of the Director IIMN.

IIMN reserves the right to negotiate the rates with the highest Techno-Commercial Scorer

The decision of Director IIMN will be final and binding to all for interpretation of any ambiguity
