

Certificate Programme in Project Management (PMP) (Batch 04)

6 Months | Blended | ₹1,32,000 + GST

IIM Nagpur Director's Message

Dr. Bhimaraya Metri Director, Indian Institute of Management Nagpur

I take pleasure in welcoming you to IIM Nagpur (IIMN). IIMN was established in 2015 as the first of the third generation IIMs, by the Ministry of Education, Govt. of India. Its location in Nagpur, the Orange City, makes IIMN equidistant from the major metropolises – Delhi, Chennai, Kolkata, and Mumbai – in terms of travel time by air. Since its inception, IIMN has attracted talented faculty members with commendable experience in research and teaching.

Faculty members at IIMN are engaged in management consultancy, research, training, and industry collaboration for creating and disseminating cutting-edge knowledge. Its location at the very centre of industrial activity offers IIMN a natural advantage, enabling greater connections and partnerships with businesses across sectors in SEZ and MIDC-designated zones. IIMN's unwavering focus on pioneering exceptional industry partnerships to lead the way in providing real-world experiences, prepares our programme participants for life bringing 'corporate into classrooms' to hone relevantly skilled talent for the ever-evolving corporate world. One of the first premier institutions in the country to seamlessly make the shift from physical to online over the past year, IIMN is well-equipped to conduct Executive Education Programmes (EEPs) for executives from public and private sector undertakings. Keeping the New Education Policy (NEP) 2020, digitalisation, and lifelong learning in mind, IIMN has launched online certificate programmes for skilling-reskilling-upskilling the executives in highly specialised areas of management. We anticipate that these programmes would enable executives to fully realise the opportunities ahead in a digitally disruptive world. With its unique advantages, IIMN is an exciting place to learn, grow, and be the 'champions of change'. We welcome you to join our IIMN community of faculty, staff, students, and alumni who are shaping the future of work.

The Demand for Project Management Professionals

A project is a time-bound and unique endeavour undertaken to produce a product, service, or result defined by specific goals and objectives to bring about beneficial change or add value.

Project Management is the process of planning and executing efforts to achieve all project goals within given primary constraints of scope, time, and resources.

According to the Project Management Job Growth and Talent Gap Report – 2017-2027 by PMI, the global economy has become more project-oriented as the practice of project management expands across industries. Opportunities also arise as organisations increasingly rely on technologies and the projects needed to support them. Across the globe, there's a widening gap between employers' need for skilled project management workers and the availability of professionals to fill those roles. A PMI-commissioned talent gap analysis by Anderson Economic Group (AEG) points to outstanding opportunities in jobs and career growth for project managers globally.

Nearly

88 million

project managementoriented roles by 2027

Source: businessworld.in

Over

75%

of total jobs accounted for by China & India

Demand is high for practitioners with the necessary mix of competencies — a combination of technical and leadership skills, plus strategic and business management. Being abreast of contemporary knowledge and global best practices in Project Management is critical for career growth and success.

Project Management Scope in India

The world, and India in particular, is undergoing tremendous changes, and it is an era of innovation. The Indian government has planned and announced major policy initiatives such as 'Make in India', 'SMART Cities', 'Stand-Up India', 'Digital India', and mega infrastructure development projects like ports, railways, airports, highways, etc. As technology is evolving and Industry 4.0 evolves and expands, new-age business models and rising consumer expectations are fuelling a tremendous demand for skilled and certified project management professionals across all industry verticals. Thus, project management is also of significant importance to nation-building.

The Economic Times has cited a report by PMI saying that India is the fastest-growing market for Project Management-oriented employment. As per the report, by 2027, India will have the second-largest number of project management-oriented jobs in the world only behind China.

The trend is clear, and it is a clarion call for working professionals who are currently in project management roles, or others wishing to transition into such roles, to upgrade and upskill themselves with knowledge and skills benchmarked to global standards, in this critical and growing field.

Programme Overview

Project management experts face challenges in delivering projects while keeping time, budget, and quality in mind in today's digital era and highly competitive market. To compete and possibly win, a project management expert must seize the opportunity, adopt the changes, and implement them where necessary. In addition, regardless of the size of the project, it is crucial to start it smoothly, manage it carefully, and drive it to the finish, successfully. The **Certificate Programme in Project Management** from **IIM Nagpur** will equip professionals with the knowledge, tools and techniques, and discipline needed to plan, manage, execute, and control projects in any industry. The course's comprehensive curriculum will assist learners in navigating change and meeting new expectations in the world of project management.

Pedagogy

The course would involve concept-oriented discussion sessions delivered through industry-focused cases, simulations, and activities.

Programme Delivery

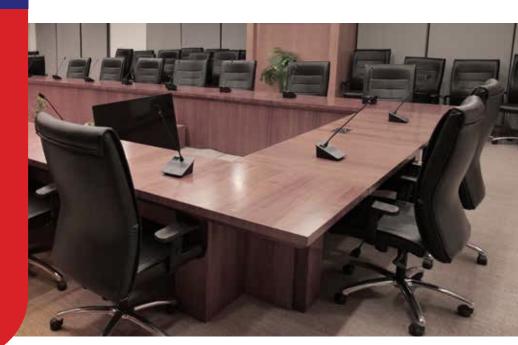

Sessions will be conducted via a state-of-the-art Interactive Learning (IL) platform and delivered in Direct-to-Device (D2D) mode that can be accessed by learners on their Desktop, Laptop, or Tablet or Smartphone. Chamber Consulting will be provided by every faculty member teaching a course in the programme (once a week in the timeframe when a particular course's sessions are scheduled).

Schedule

Saturday: 6:30 PM to 9:30 PM

Duration

6 Months (100 Hours) Online Hours: 88 Campus hours: 12

Campus Immersion

There will be 2 days of campus immersions at IIM Nagpur towards the end of the programme.

The in-campus modules are subject to the conditions that prevail at that point of time. These conditions pertain to the pandemic or other unavoidable reasons. In case the on-campus module is not confirmed due to COVID-19 situation, the same will be included in the total number of online sessions.

Who Should Attend?

- · Working professionals interested in pursuing a career in Project Management
- Any professional seeking to understanding how Project Management techniques work
- Useful for people who are working in almost all the domains of businesses like Operations, Finance, Marketing, HR, IT, etc.

Eligibility Criteria

- Diploma (10+2+3) or Bachelor's Degree or equivalent (10+2+3 or 10+2+4) or 2-Year Master's Degree or equivalent from a recognised university (UGC/AICTE/DEC/AIU/State Government) in any discipline
- Minimum 4 years of experience* post completion of qualifying education
- Participants who fulfil the above criteria and are not working are also eligible to apply for the programme

*Internships and training experiences are not considered as fulltime work experience.

Admission Criteria

The selection will be based on candidate's profile evaluation, subject to meeting eligibility criteria.

Attendance Criteria

Overall 75% attendance is a prerequisite for the successful completion of the programme.

Assessment & Evaluation

Evaluation methodology is at the discretion of the faculty. The methodology includes online exams, written tests, assignments, case analysis, class contribution, and any other component as decided by the faculty.

The programme may require participants to work on individual/group assignments and/or projects. The main objective of such assignments/projects will be to help the participants apply their conceptual learning in the programme to actual organisational decision scenarios.

Giving feedback is an integral part of the overall completion of the programme.

Certification & Alumni Status

- Participants who successfully meet the evaluation criteria and satisfy the requisite attendance criteria, will be awarded a 'Certificate of Completion'.
- Successful participants will also be accorded 'IIM Nagpur Alumni' status.

Disclaimer: All certificate images are for illustrative purposes only and may be subject to change at the discretion of IIM Nagpur.

Programme Directors

Prof. Rajeev Aggarwal

Professor Rajeev Aggarwal is an Adjunct Professor at IIM Nagpur in the Production and Operations Management Area. He specialises in the fields of Project Management, Contract Management, International Business, and Corporate Turnarounds.

Prof Aggarwal has over 40 years of experience in developing and managing mega industrial projects valued at approximately \$1B USD each, spread across the globe. His experience spans over 70 countries. He has held CEO / C-Suite positions in Fortune 500 companies in Canada and the Middle East. He specialises in complex contract management, negotiations, structuring and management of mega lump-sum-turnkey (LSTK), hybrid contracts. He has set up joint ventures, consortia agreements, and handled mergers & acquisitions or companies. He set up and negotiated customised contracting structures to suit the work and market conditions, developed risk management strategies. He has developed and negotiated major contractual variations and claims, and concluded amicably without litigations.

Prof Aggarwal has successfully turned around stressed organisations and accomplished multi-fold growth of the organisations by revamping systems and processes, teams and business strategies. He has worked in various leadership capacities as Client, PMC, Owner's Engineer, EPC Contractor, and Construction contractor.

Prof. Magesh Nagarajan

Dr. Magesh Nagarajan is a faculty member in the Decision Science and Information Systems Area at IIM Nagpur. Prior to joining IIMN, Magesh was a faculty at Coventry University (UK). He worked as a researcher in University of Southampton (UK) and United Nations University (Germany) applying simulation modelling and analytics in public sector problems. Before his PhD, he worked with IBM Ltd., Bengaluru.

His interests are in the areas of Applied Operations Research, Simulation, Transportation problems, Supply Chain Management, Smart Cities and Business Continuity Planning.

Established in 2015, the **Indian Institute of Management Nagpur (IIM Nagpur)** aspires to be a leading management institution that shapes management systems, policy, and governance through high-quality education, research, and industry engagement. Propelled by the pursuit of engaged scholarship, the Institute aims to create value-driven leaders and global managers with strong conceptual foundations and analytical approach, which helps them excel in diverse spheres – be it management, business, policy making, and public administration, to name a few.

IIM Nagpur's aim is to address the needs of a modern India, connecting aspirations and realities to attain benchmarks that are respected internationally. Our motto, सत्यं च स्वाध्याय प्ररवचने च, that is, an inspired journey towards truth through individual reflection and collective discourse, propels our quest to bridge the gap between abstract knowledge and practice.

IIM Nagpur seeks to distinguish itself as an institution that promotes constant industry engagement of a 'problem-solving' nature. Executive Education, therefore, is an important thrust area for the Institute. With an array of programmes designed by a faculty body with a stellar record of research, teaching and industry engagement, the Executive Education programmes at IIM Nagpur equips managers and executives with the capabilities to perform effectively in their current roles and take up greater challenges through various stages of their careers.

TimesPro, the award-winning EdTech initiative of The Times Of India Group, was established in 2013 to cater to the diverse learning needs of Indians with aspirations of career growth.

Taking the rich legacy of trust, knowledge, and learning of The Times Of India Group forward, TimesPro strives to embody the values of Education 4.0 – learner-centric, industry-relevant, role-specific, and technology-enabled – in its executive education programmes.

Ranging across industries and domains, these programmes are curated and offered in collaboration with premier national and global educational institutions to fulfil the aspirations of millions of professionals by equipping them with the right knowledge and skills.
