Summary

The Common Admission Process (CAP) takes place every year for shortlisting and interviewing candidates for admission to the MBA/PGP programs of CAP-participating IIMs

The CAP-participating IIMs announce a tentative cut-off for shortlisting candidates for Personal Interview (PI) every year in October, and the final cut-off is decided after the Common Admission Test (CAT) result is announced

The Common Admission Process (CAP) takes place every year for shortlisting and interviewing candidates for admission to the MBA/PGP programs of CAP-participating IIMs. In 2024, with the addition of IIM Nagpur, the CAP group has increased to ten IIMs. IIM Kashipur is the CAP 2024 coordinator.

The CAP-participating IIMs announce a tentative cut-off for shortlisting candidates for Personal Interview (PI) every year in October, and the final cut-off is decided after the Common Admission Test (CAT) result is announced. This year, after the announcement of the CAT result, the following cut-offs were decided for shortlisting candidates for the PI process under CAP 2024. The shortlisting for PI will be based on percentile cut-offs only. Those candidates will be shortlisted who have selected the

flagship MBA/PGP programs in at least one of the CAP-participating IIMs (IIM Bodh Gaya, IIM Jammu, IIM Kashipur, IIM Nagpur, IIM Raipur, IIM Ranchi, IIM Sambalpur, IIM Sirmaur, IIM Tiruchirappalli, IIM Udaipur) while filling in the CAT form.

IIM Kashipur will start sending the PI shortlist notification emails in the second half of January. The PI registration portal will also open around the same time. All the shortlisted candidates need to register themselves on the PI registration portal to participate in the PI process. The registration process is mandatory for appearing in the PI process under CAP 2024.

Once the Personal Interview process is over, CAP-participating IIMs will create their individual merit list and will start sending admission offers.
